NATION'S LEADERS ENCOURAGE PEACE

New England Arbitration and Peace Congress Convened Yesterday.

TAFT'S POSITION IS GIVEN

Letters Read From Knox, Bryan and Gompers—Large and Enthusiastic Congress in Progress at Hartford.

Hartford, Conn., May 9.—The New England Arbitration and Peace Congress began its first session here today. The Congress was called to order in the Hall of the House of Representatives. Dean Henry Wade Rogers, of Yale Law School, presided, and addresses were made by Mr. Rogers and by Benjamin F. Trueblood, of the American Peace Society. The delegate body was large and enthusiastic. Official recognition of the importance of the gathering was given tonight when letters were read from President Taft, Secretary of State Knox, Ambassador James Bryce, W. J. Bryan and Samuel Gompers, of the American Federation of Labor.

The letter from President Taft was in part as follows:

"I have on more than one occasion expressed myself as being in favor of international peace and in favor of arbitration to secure it, and I also dwelt on the subject in my inaugural address. That does not mean, however, that I am in favor of a country giving up that which we now use for the purpose of securing peace, to witness, our navy and our army, because I believe that the expense of armament is working toward peace.

"I hope that your meeting will be productive of much good in the promotion of permanent peace and I wish you every success in your efforts into this direction."

"I assure you both personally and officially that I am in sympathy with the movement for the arbitration of controversies between nations as a means of calming irritation and of preserving peace," declared Secretary Knox in his letter.

William J. Bryan's letter expressing regret at not being able to attend was read. In addition Mr. Bryan said:

"I am in hearty sympathy, however, with the arbitration movement. I hope that your meeting will endorse a proposition which I introduced at the London conference four years ago, and which was afterwards endorsed at the New York Peace Conference. It is a declaration that all questions in dispute between nations should be submitted to an impartial international tribunal for investigation and report before any declaration of war or commencement of hostilities. This leaves the party to act independently after the report, but if we can secure time for investigation and report on the facts a peaceful settlement of the difficulty is almost certain.

"I believe that this peace plan would really go further than arbitration agreement, because in all arbitration agreements an exception is made as to questions that affect the National honor and that exception is often sufficient to nullify the agreement because questions of National honor are dragged in to justify the declaration of war. An investigation would separate all questions of honor from pecuniary questions and thus expose the sordid reason, which is usually at the bottom of war."

President Samuel Gompers, of the American Federation of Labor, in his letter said in part:

"I want to express the hope that the growing intelligence of the combined forces of the workers of the great movement of the citizens generally will make for the early realization of a world-wide peace.

"Organized labor stands for peace, industrial as well as international, carping critics to the contrary notwithstanding. We want international peace. All mankind yearns for it; humanity demands it.

"I am firmly convinced that if a growing tendency toward international fraternity among the workers of all countries is manifested the more general recognition of the identity of interests of the toilers is established the world over, that these practical methods will contribute more than all else to the enthornement of universal peace among the peoples of the nations of the earth."

A Peace-Loving King.

Hartford, Conn., May 9.—Although unable to attend the New England Peace and Arbitration Congress, which convened here today, Ambassador Bryce, sent a letter embodying his views on peace and arbitration.

In a note supplementary to his letter and written following the announcement of the death of King Edward, Ambassador Bryce said:

Dear Sir: The letter which I wrote to you expressing my regret at being unable to attend the Peace Congress was written nearly a week ago, before I knew that the life of King Edward was in danger. May I ask you to add to it now the following words as a postscript:

"Since the above letter was written the lamented death of King Edward VII has taken away from the sacred cause of peace and good will among the nations one of those who was most earnest in promoting it and who had done most for it. He was always a warm and true friend of the United States, and rejoiced in nothing more than in the growth of a cordial friendship between your country and his own, hoping and trusting that like sentiments of friendship would in time become general among the nations of the world. The countless expressions of sorrow at his departure which have already reached this embassy from all parts of the United States show how cordially his labors in the cause of peace have been appreciated by your people, and such an appreciation has gone to the heart of the English nation, who are grateful for your sympathy.

"I am my dear sir, Very respectfully yours, "JAMES BRYCE."

LAYMEN'S RIGHTS ASKED BY WOMEN

Revisals Committee Heard Eloquent Pleas at Methodist Conference.

VANDERBILT UNIVERSITY CASE

Dispute of Methods of Electing Stewards First Fight on Floor of Conference—Features of Yesterday's Session.

Asheville, N. C., May 9.—It is not impossible that had the conference of the Methodist Episcopal Church, South, heard the eloquent pleas made before the Committee on Revisals this evening the women would have won their plea for laymen's rights.

The committee had announced that it would hear arguments for and against the memorials that have been pouring in. The chairman of the committee, Dr. E. W. Alderson, of the Texas Conference, asked if the women had any plans to offer for the hearing. In answer Mrs. MacDonald, secretary of the Board of Foreign Missions, stepped forward and announced that Mrs. Luke Johnson would open for the petitioners.

Mrs. Johnson made a stirring plea for the women. She declared that for centuries women had been gaining their rights and that it remained for the church to be the one institution that stood in the way. "We do not ask for office or position," she said. "All we ask is a larger place in the service of God. What is the matter with us? Why cannot we have what we ask? Is it because we are women, because we are your wives, your mothers, your sisters, your loved ones? Does all this make us unworthy to stand by your side and discuss the great questions of our church?"

Mrs. Johnson was followed by Miss Head, prominent in the Women's Foreign Mission Society, who declared that in many places women were serving as stewards illegally, because there were no men competent to do the work and that the church was putting these women in the position of church law breakers. She asked that if for only this one reason they make church work legal.

Miss Belle Bennett, president of the Woman's Home Mission Society, closed for the petitioners.

The committee then went into executive session. Its findings will be reported to the conference later.

The Committee on Education listened to the disputed points in the Vanderbilt University case. This is the argument as to whether the Nashville University shall be taken out of the hands of the church and made a National university almost non-sectarian in character, or whether the church shall control. On one side are arrayed the chancellor, Dr. Kirkland and the board of trustees, who elect their own successors, and on the other the College of Bishops.

The discussion was marked by the most kindly expressions. Bishop Hoss opened for the bishops and Bishop Hendrix replied for the trustees. Chancellor Kirkland closed for the trustees. This committee, likewise, will report later.

Aside from the dispute as to the method of electing stewards which was the first fight on the conference floor and which was won by the conservatives who favored the present plan of having the preachers appoint them as opposed to the idea of their election by the church members, the main matter of interest in the conference today was the report of the Sunday School Committee which recommended the establishment of adult Bible classes to replace the various societies of young men and young women under different names which now exist in the various churches. It is proposed to appoint a general superintendant and assistants for this work and inaugurate a church system. The report will probably be adopted without debate.

ALABAMA BANK CLOSES.

City Bank and Trust Co., of Demopolis—Deposits of $250,000.

Mobile, Ala., May 9.—News was received here this afternoon that the City Bank and Trust Company of Demopolis, Ala., has closed its doors. The bank had a capital and surplus of $95,000, and deposits to the amount of $250,000. The bank did most of its business with New Orleans and New York.

J. B. Merriwether is president of the bank, and, it is reported that the bank will pay all its liabilities in full.

GEORGE V. RULER OVER THE EMPIRE

Is Proclaimed With Traditional Ceremony of Past Centuries.

FUNERAL EDWARD VII MAY 20

Great Britain Beginning to Resume Its Normal Life—Members of Parliament Hastening to London—Theatres Open.

London, May 9.—George V was proclaimed King throughout the Empire today with all the traditional ceremony of past centuries. In Dublin the Ulster King at-arms read the proclamation in the presence of Lord Aberdeen, Lord Lieutenant of Ireland, and Lady Aberdeen.

The country is now beginning to resume its normal life, the King's earnest desire being that except on the day of the funeral of Edward VII., which is now formally fixed for May 20th, the National mourning should inflict no unnecessary sacrifices upon the people.

Premier Asquith and Reginald McKenna, first Lord of the of the Admiralty, arrived in London tonight. Other members of the cabinet and officials holding important positions under the government are hastening to the capital. King Haakon and Queen Maud, of Norway, were met at the station this evening by King George and Queen Mary, and young Prince Olaf threw his arms around his uncle's neck. The party drove immediately to Buckingham Palace, where they viewed the body of the late King. A brief religious service was held in the chapel.

King George, in a letter to the theatrical managers, expressed the wish that the theatres re open until the day of the funeral on account of the number of people that would be thrown out of work by the closing of the houses, and this will be carried out. The King issued another letter, in which he said:

"Knowing so well the feelings of my beloved father I am sure that it would be contrary to his wishes that there should be any interruption to the employment of the public during the Whitsuntide holiday. I therefore hope that the general mourning will not prevent my people from taking the usual advantages of the various opportunities afforded them for the coming days."

Many of King Edward's personal friends including Earl Roberts, A. J. Balfour, Lord Curzon, of Kedleston, and Lord Kitchener, were permitted to view the body today and late tonight, after a brief solemn service, which was attended by the widow and all the members of the Royal Family including King George and Queen Mary, the body was transferred to the casket shell which was kept open until after the arrival of Queen Maud of Norway. The young Queen took a touching farewell of her royal father.

They followed a service which was held mainly for the King and Queen of Norway and the shell was placed in the lead envelope and sealed. It will remain in a temporary coffin made of elm while the special oaken casket is being completed.

Berlin, May 9.—The death of King Edward was announced in the Reichstag today by Count Schwerin, the president. The members of the cabinet and of the Bundesrath also were present in the chamber.

All rose to their feet and remained standing as the Count described the deep emotion felt by the whole German people over the death of the British ruler. On behalf of the Reichstag, he said he wished to express condolences to the Emperor. Germany, he said, shared with the whole civilized world the sorrow that weighed heavily upon the British nation.

Seoul, May 9.—All public festivals have been suspended here where the death of King Edward has called for sympathetic expressions.

DUTCH TO CELEBRATE.

300th Anniversary of Manhattan Island—The Movement.

New York, May 9.—Impetus to the movement to celebrate the 300th anniversary of the settling of Manhattan Island by the Dutch with an international exposition in this city in 1912 was given tonight at a banquet held under auspices of the Citizens World's Fair Committee at the Hotel Astor. Nearly 1,000 prominent New Yorkers attended, while notable visitors from other cities, representing practically every State executive in the country, were on hand to indicate the support that is promised the enterprise.

Messages from the governors and representatives of other nations, expressing the hope that the exposition will prove a signal success, were read.

Mayor Gaynor acted as toastmaster and in his speech explained that the purpose of the gathering was to call public attention to the proposed exposition and to lay the ground work for the appointment of a permanent committee.

Henry Clews, president of the Citizens' Committee, made a plea for cooperation in the enterprise and spoke of the benefits sure to accrue from the exposition and of its value in an educational way.

OVERMAN SPOKE ON RAILROAD BILL

Strongly Favors Long and Short Haul Amendment of Pending Measure.

THE PRESENT LAW "A JOKER"

North Carolina Senator Cited Discriminatory Rates of Railroads in His State As Compared With Others.

Washington, May 9.—Taking up the railroad bill tody the Senate resumed consideration of the long and short haul amendment. Senator Overman was the principal speaker.

Declaring that the present law contains "a joker," the North Carolina Senator presented an amendment making it unlawful for any common carrier to charge more for a short than for a long haul, except with the approval of the Inter-state Commerce Commission. He said that there is not a town in his State that is not discriminated against by the railroads.

Giving instances, Mr. Overman said that on a carload of molasses from New Orleans, the rate to Lynchburg, Va., was $52, while to Greensboro, N. C., 114 miles nearer, the rate was $104. On a carload of g.in the rate from Cincinnati is $56 to Greensboro and $24 to Lynchburg. Like discriminations on fruits, cotton and other articles were alleged.

Mr. Overman also understood to show that the New England cotton mills get their cotton cheaper than do the Southern mills in the heart of the cotton region, wuile at the same time they pay less on shipments of the product to the Pacific coast. He contended that the rates were established without any regard to their reasonableness and were absolutely arbitrary.

Will Hurry Vote On Bill.

Washington, May 9.—Senators Aldrich and Hale, Republicans and Senators Money, Bailey, Bacon and Hughes, Democrats, held a brief conference today to see if some agreement could not be reached to dispatch business and figure on adjournment. There was no report of the Insurgents present.

It was agreed that everything possible to hurry a vote on the railroad bill would be done by the leaders of both parties.

No conclusions were reached in relation to any other matters, however. Senator Bailey served notice that he would try to force an early consideration of the Statehood bill.

MRS. MORSE WITH PETITION

Asks Congressmen and Senators to Sign—Working For Husband.

Washington, May 9.—Dressed in a most modest gray suit and black hat, a sad faced, gray haired little woman, stood nearly all the afternoon at the main entrance of the House and Senate and quietly importuned members of Congress to sign a petition to the President to pardon her husband from the penitentiary. The woman was Mrs. Charles B. Morse, wife of the New York financier now in the Federal penitentiary at Atlanta, Ga., serving a sentence of 14 years for wrecking his banks in New York.

Many members, both of the House and Senate signed the petition. Some declined abruptly, and other explained their acquaintance with the facts in the case and did not sign. Most of the New York members of the House signed, although there were some who declined.

With Mrs. Morse were Miss Morse, a sister of the convicted financier. Mrs. Morse worked seriously and earnestly, but so quietly that none excepting those she approached learned the nature of her mission.

OUTLINES.

Senator Overman, of North Carolina, in a speech in the Senate yesterday strongly favored the long and short haul feature of the pending railroad bill——President Taft in a speech last night at Passaic, N. J., declared that the administration railroad bill has not been emasculated and that it still contains its important features.——Several women appeared before the Committee of Revisals at the Methodist conference, at Asheville yesterday, and made eloquent pleas for laymen's rights. The Vanderbilt University case was taken up again.——At the New England Arbitration and Peace Congress yesterday letters were read from President Taft, Abbassador Bryce and Bryan, Knox and Gompers in sympathy with the object of the congress.——Col. Roosevelt will likely be designated by President Taft as a special ambassador to represent the United States at the funeral of King Edward——The famous libel suit of the United States against the New York World, was docketed in the Supreme Court yesterday.——New York markets: Money on call steady 3 3-4 to 4 per cent., ruling rate and closing bid 3 3-4, offered at 4. Spot cotton closed quiet, 25 points higher, middling uplands 15.50, middling gulf 15.75. Flour quiet and steady. Wheat dull, No. 2 red 1.16, No. 1 northern 1.20 3-4 opening navigation. Corn firm No. 2, 69 1-2 elevator, domestic basis. Oats steady, mixed nominal. Rosin easy. Turpentine firm.

The Strenuous Colonel The Strenuous Kaiser

Nass Jo, Sweden—Mr. Roosevelt left Stockholm for Berlin at 11 o'clock today and wherever the special train carrying the party stopped today interested ones had gathered to catch a sight of the distinguished American. At some places hundreds of people turned out. Usually Mr. Roosevelt bowed his acknowledgement of the noisy compliments and in a few instances he made some remarks. The visit of Col. Roosevelt to Berlin, where he will be entertained by the Kaiser, promises to be one of the most interesting incidents of the tour of Europe. According to the cablegrams, the Kaiser was expected to meet Col. Roosevelt at the railroad station and he has planned to give the ex-President a strenuous time.

DAY'S DOINGS AT THE CAPITAL

State Building Contracts Let—Croatan Organization Chartered—Call for Second Democratic Mass Meeting—Other News Notes.

(Special Star Telegram.)

Raleigh, N. C., May 9.—The Council of State today awarded the contract to Young & Hughes, of Raleigh, for installing a complete ventilating and heating plant for the capital building in compliance with the special act of the last Legislature. Their bid, the lowest, was $46,048. The contract was also let to the Carolina Electric Co., Raleigh, for the electric wiring of the building at $2,275.

The Confederation of Red Men (Inc.), received a charter without capital stock for the purpose of promoting social, literary and fraternal relations between Croatan individuals of Robeson county. The incorporators are A. S. Locklear, W. D. Oxedine and Everitt Sampson. Another charter is The Industrial Christian College, located eight miles out from Kinston, capital $50,000 subscribed and $125,000 authorized, J. W. Tyndall and J. O. Sanders principal incorporators.

The condition of Mr. Luther Lockhart, state oil chemist, who underwent an operation for appendicitis Saturday night at Rex Hospital here, is reported to be very satisfactory. No complications are anticipated and his improvement since the operation has been steady.

The call for the second Democratic mass meeting, limited this time to those desiring to overthrow the "ring Democrats" in Wake county is issued, the date being Saturday, May 14th, in Metropolitan hall. It is signed by 76 Democrats in various sections of the county including J. W. Bailey and Josephus Daniels, leaders of the movement. It declares that the conduct of the leaders and representatives of the Wake county Democratic ring prior to and on April 30th makes it necessary that the party's leadership shall be purged of men who have proven so unworthy. The purpose of the convention is declared to be to denounce and rebuke the conduct of certain men using the party for selfish ends and who sought recently to prevent the rank and file of the party from assembling to express their will; take action against these objectionable ring leaders and with respect to candidates and policies for the June primaries; devise plans for execution of the will of the rank and file in the primaries; to redeem the party from the disgrace of the present coterie. It is prescribed in the call that the voting shall be by townships in proportion to the Democratic vote each case in the last election for Governor. Also that the invitation to attend this mass meeting is limited to those who are opposed to the conduct of the Democratic machine.

TWO KILLED BY FAST TRAIN

Clinton Young Men Run Over at Rocky Mount Saturday Night—Cyclone in Taylor's Bridge Township, Sampson County.

(Special Star Telegram.)

Clinton, N. C., May 9.—The bodies of Roy Gainey and Wilbur Devault, two young men who were killed at Rocky Mount late Saturday night by Atlantic Coast Line fast train No. 85, were brought here this morning and interred in Clinton cemetery.

The young men left Clinton recently to seek employment and were working in a cotton mill at Rocky Mount. They met death in avoiding one train at a crossing by stepping on another track when they were run down by an incoming train which they did not hear on account of the rumble of the first train. Their parents live in Clinton and were apprised of the sad news by wire yesterday.

A cyclone passed through Taylor's Bridge township, this county, late yesterday afternoon and did considerable damage. The residence of Preston Bryant, a worthy white farmer, was demolished and Mrs. Bryant seriously hurt. The top of the house was carried bodily nearly half a mile away, and left in a swamp. There were eight children in the house and these had barely gotten out when the crash came.

TWO KILLED BY BURGLARS

Maid and Butler in Home of Dr. Cannon in New York.

New York, May 9—Evidently the victim of burglars, Charles W. Beman, a Hindoo butler, and Margaret Mshan, an aged house-keeper, were found murdered tonight in the residence of Dr. Mott D. Cannon, at 131 West 122nd street.

The two had been killed sometime between 2:30 and 5:45 in the afternoon during the physician's absence. Returning Dr. Cannon discovered the bodies.

The butler, who was 25 years of age, had been shot through the mouth from the right cheek. There was another wound on his forehead and one on the back of the neck. The last two, the police say, were apparently inflicted by a jimmy. The old house-keeper had an ugly bullet wound the back of her head and had also been beaten with a jummy or some other blunt instrument.

Examination of th physician's study in the rear of the third floor of the residence showed that the top drawer of a bureau had been "jimmied" open and $100 in bills, $100 in silver and several valuable gold stick pins taken.

The house-keeper had been in Dr. Cannon's employ for 40 years. The Hindoo entered the physician's service only last Saturday.

TAFT SAYS BILL IS STILL INTACT

Declares Railroad Measure Contains its Important Features.

SPOKE AT PASSAIC, N. J.

President Reviews Pending Legislation and Names Measures He Desires Enacted Into Law—Gov. Fort Also a Speaker.

Pasaic, N. J., May 9.—In a speech before the Passaic Board of Trade here tonight in which he discussed the legislative situation at Washington, President Taft declared with a great deal of emphasis and amid an outburst of applause that the railroad bill has not been emasculated in any vital way and predicted that a satisfactory law would be passed.

"The bill," said the President, "still retains its important features and I am hopeful that within the next two weeks we shall see the passage of the bill in both Houses, the adjustment of the differences between the two Houses and its final enactment. It means a great step forward in the power of regulation entrusted to the Interstate Commerce Commission subject to expert review. It does not transfer—and I should be loath to do this—from the board of directors to the Interstate Commerce Commission the power of running and operating the railroad. It still leaves wide discretion in the owners of the property; but the powers exercised by the committee I feel confident can be exercised for good and will not remove the existing motives of enlightened selfishness for the improvement by the owners of railroads in the methods and cost of transportations."

The President declared that the newspapers reports of the crippling of the railroad bill had been greatly exaggerated, and he set out in detail the provisions of the measure as it now stands. He said he hoped the provision which permits a reorganization of 50 per cent of the stock of a competing road to acquire the remaining stock would be restored and told why.

In his review of pending legislation, Mr. Taft expressed the belief that the following measures will be enacted into law:

Statehood for Arizona and New Mexico, Postal Savings Banks, Anti-injunction, the so-called validating bill of the conservation measure, the publicity of campaign expenditures, the railroad bill.

In his comment on the delay in passing the statehood bill, the President acknowledged that there was a "hesitation" on the part of the Republicans in the Senate to pass a bill which is "so likely to add four Democrats to the Senate."

"Or if not the Democrats," he added in taking what was regarded as a little passing reference to some insurgents, "Republicans of that radical type that are entirely out of sympathy with the more conservative notions of the East."

In spite of this the President said he was very anxious that the party should carry out its statehood pledge and he did not think he would be disappointed.

The President came to Passaic this afternoon from New York where in the afternoon he had attended the actors' fund fair.

Passaic turned out its entire population to honor him. The streets were crowded and school children waving flags lined many of the thoroughfares.

In the evening the President on the way from the home of Victor L. Mason where he stopped, to the banquet in Turnverein led through the business section where a splendid court of honor had been constructed and dense crowds were congregated.

Mr. Mason, who as president of the Passaic Board of Trade, presided at the banquet, was assistant secretary of the Republican National Committee during the recent campaign.

Gov. Fort, of New Jersey, aroused a great deal of enthusiasm with a speech in which he denounced the criticism of an executive ont he ground that he should be held responsible for legislation "and everything else."

The President was decidedly hoarse tonight. He left Washington ths morning with a severe cold which threatened bronchial complications. His physician, Dr. J. J. Richardson, of Washington, accompanied him.

In addition to President Taft and Gov. Fort the speakers tonight included John W. Griggs, former Governor Franklin Murphy and Job E. Hedges, of New York. President Taft returned to Washington tonight.

Taft at Actors' Fair.

New York, May 9.—President Taft dared disaster this afternoon when he climbed upon a chair, the better to make himself heard and see at the Actors' Fund Fair which he formally opened at the 71st regiment armory. But the chair held. The President's brief response to the address of welcome was loudly cheered by the player folk.

The President said in part: "I should be wanting in personal gratitude if I did not seize this opportunity to come here and give my thanks to a profession to which personally I owe so much. I do not like to compare you with lawyers or politicians, but there is one respect, at least, in which we

15 INNINGS TO A TIE.

Game Between A. & M. and Washington and Lee Yesterday.

... (Special Star Telegram.)

Raleigh, N. C., May 9.—In a game of baseball here today unparalleled in the history of the two colleges, A. & M. and Washington & Lee battle for 15 innings to a standstill without being able to put a man around the bases. Sexton and Moran both sustained their reputations as being among the very best college pitchers in the South. Both pitchers were very effective with men on bases. Only two hits being secured in one inning and these off Moran. The playing of Robertson at first base and Brown in the field were features of the game, Brown making a sensational running one-hand catch. For Washington & Lee the pitching and batting of Moran and the catching of Efierd were features. Score by innings.

W. & L.	000 000 000 000 000	0	6 0

Summary: Struck out, by Sexton 13, Moran 27; bases on balls, by Sexton 1, Moran 1; two-base hits, W. & L. 1; hit by pitched ball, by Moran 2; wild throws, A. & M. 2; stolen bases, W. & L. 4; double plays, A. & M. 3; W. & L. 1; left on bases, A. & M. 2, W. & L. 10; umpire, Upchurch; time 2:50; attendance 1,100.

JOHNSON NOW TRAINING.

Heavy Weight Champion on 12-Mile Trip—Plans Announced.

San Francisco, May 9.—Jack Johnson today did his first training for his coming fight with James Jeffries. Although there was no gymnasium work or boxing scheduled, a large crowd of spectators was attracted to the beach.

The heavy weight champion was out on the roads bright and early with George Cotton, Barney Furey and Martin Cutler and the pace he set them for the 12-mile trip was so stiff that Cutler dropped out long before they had gone half the distance. He immediately gave notice that he would be on the road late in the afternoon and that he would give up this programme for the rest of the week.

Johnson has not weighed since he reached San Francisco. He stated as his opinion today that he would tip the scales at 226. Men who watched him, however, while taking his picture tonight, were of the opinion that he would strip considerable under his own estimate.

The boxing will begin Sunday afternoon and thereafter for at least two weeks he will box Sundays, Wednesdays and Fridays. Later he will increase the boxing to four days a week, but says that right up to the day of the fight he will switch from sparring at least three days out of the seven.

JEFFRIES DISAPPOINTING.

Did Not Show Up So Well Yesterday —Sparring.

Ben Lomond, Cal., May 9.—J. J. Jeffries made a poor showing in the ring today. Compared to his work of last week, he was slow of eye and foot and the spectators among whom were Tex Rickard and Jeffries' father and brother, were disappointed. Jeffries lacked the life he had shown on other days.

Seven rounds in all marked the work. Three with Jeo Choynski were featureless except to show that the former champion was not up to form.

In the second round of his bout with Bob Armstrong the spectators were led to think he had dropped the negro for Armstrong stretched his full length on the mat. It developed, however, that it was only a slip. A few moments later, Jeffries stepped on his own foot and went down in the spot where Armstrong had fallen.

After the boxing the striking bag came in for a strong trouncing and later handball was played. As a whole, however, the day was filled with disappointments.

ROANOKE MAN SUICIDE.

Shoots Himself While Visiting Daughter in Philadelphia.

Philadelphia, May 9.—While visiting a married daughter here today, Peter Eller, of Roanoke, Va., shot and killed himself with an old army revolver. Eller had been in ill health and this is believed to have been the motive for the suicide. He was 66 years old.

THE INDIAN MONUMENT.

Proposition Before Congress Appeals to Imagination—The Red Man.

(New York World.)

The project of erecting a great bronze statue of the Indian in New York harbor, now before Congress, appeals to the imagination. The Indian of the United States and Canada occupies a place in history and legend out of all proportion to his numbers. It is not likely that the roll of the tribes north of the Rio Grande ever exceeded a half million, yet they are thoroughly interwoven with our life from the beginning and have made a great impression upon the whole civilized world. Barbarous arces of many millions have passed away and been forgotten, but the Indian remains an undying figure.

The red warrior was a sort of savage Greek, the Greek of the forest. His religion was a beautiful symbolism, equal in many ways to the ancient mythology. He was hospitable, brave, loyal and truthful. His love of freedom and independence has never been excelled. The tribe was a perfect democracy in which the rank of chief was attained and retained by merit.

The Indian also had political instincts. The Six Nations formed a perfect little state that is worth studying today. Every tribe in the league had its particular duty and it was always done. Neither was he deficient in abstract intellect. Sequoiah invented an alphabet for the Cherokees.

But he has impressed the world most vividly as a warrior and woodsman. In reality his fight against the advancing white hordes was marvelous. In the United States and Canada he came into direct contact with three races—the English, the French and the American—and man for man, despite his inferiority of weapons, he was always the equal of any one of the three.

ONLY ONE "BEST"

Wilmington People Give Credit Where Credit is Due.

People of Wilmington who suffer with sick kidneys and bad backs, want a kidney remedy that can be depended upon. The best is Doan's Kidney Pills, a medicine for the kidneys only, made from pure roots and herbs, and the only one that is backed by cures in Wilmington. Here's Wilmington testimony:

Miss Maggie Rivenbark, 105 Dock St., Wilmington, N. C., says: "I found great benefit through the use of Doan's Kidney Pills, procured at R. R. Bellamy's Drug Store. I suffered from constant, dull pains in my back and some days I could hardly get about. My kidneys were weak and I was caused much annoyance. I tried several remedies, but nothing gave me relief until Doan's Kidney Pills were used. They proved to be just what I required and in a short time cured me so completely that my trouble has never returned."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sale agents for the United States.

Remember the name—Doan's—and take no other.

WOMAN KILLS NEGRO.

Mrs. Rhodes Says He Attempted to Attack Her—Sent to Jail.

Durham, N. C., May 9.—When forbade driving across her lands so incensed him that he left his buggy and advanced towards her, Mrs. Belle Rhodes, formerly a resident of Durham, yesterday shot Joe Kinton, colored.

The shooting occurred 50 miles from Durham on the Virginia line and was not known to the officers until this morning. When Mrs. Rhodes was arrested and tried before a magistrate she testified that Kinton tried to attack her when she loaded a shot gun and fired upon him, Kinton dying ten hours later. The magistrate committed her to jail without bond. Application will be made tomorrow for habeas corpus. Mrs. Rhodes is a sister of a well known Presbyterian minister.

STORM IN ROBESON.

Damage to Crops Around Alfordsville —Hail at Rock Swamp.

(Special Star Correspondence.)

Lumberton, N. C., May 9.—Reports from the Alfordsville section of the county indicate that much damage was done to growing crops in that section yesterday. Mr. Frank Bullock who resides at Alfordsville, was in town today, and stated that he would plow up 50 to 75 acres of cotton which was ruined. Other farmers in his neighborhood suffered more or less. The wind is reported as being very fierce in some places, but the only damage we have heard of was the destruction of a barn at the residence of Mayor Rowland, who resides in the extreme west end of town. The fall or nail in the Back Swamp section is reported as heavy but the stones being very small little damage was done.

Mexican MUSTANG LINIMENT

An unfailing remedy for the ills of your Livestock and especially valuable in cases of Caked Udder and Sore Teats in Cows.

Saves Loss in the Dairy.

LYON MANUFACTURING CO.,
BROOKLYN, N. Y.

GENTLEMEN:—It seems to me among your claims as to the efficacy of **Mexican Mustang Liniment** you hardly give prominence enough to its wonderful curative power on inflamed and caked udder in cows. I have used it for two years in my stable and since I began its use have not had a case which was not relieved by a few applications. A thorough bathing of the udder with hot water followed by gentle and persistent rubbing in of the "Mustang" will, I believe, cure any case, leaving the teats in good order—unless suppuration has already begun. If all others in the dairy business knew this it would save much worry and loss. Respectfully,

Columbus, Ga. MRS. A. I. YOUNG, The Pines Dairy.

Mexican Mustang Liniment soothes the afflicted parts while curing them.

IT CONTAINS NO ALCOHOL AND DOES NOT, THEREFORE, STING OR TORTURE THE FLESH.

PUT UP IN THREE SIZES { The $1.00 and 50c. sizes generally used for Livestock. The 25c. size for trial or household use.

For sale by Druggists and General Storekeepers.

LYON MANUFACTURING CO., Proprietors. 41 to 45 South Fifth St., BROOKLYN, N. Y.

THE STATE IN EPITOME

News, Comment and Incidents as Reflected in North Carolina.

STORMS IN ROBESON.

No Great Damage to Crops Reported. Alleged Murderer Caught.

(Special Star Correspondence.)

Lumberton, N. C., May 9.—This section was visited yesterday afternoon by severe thunder storms, during which there was considerable hail in several places, but so far we have heard of no great damage. While in some places some hail stones were said to be the size of a bird egg, the most of it was small, having the appearance of Winter sleet. The lightning was severe, the telephone people reporting no less than 65 phones put out of commission in town. There was not wind enough to do any damage that we have heard of. The rain was much needed and will be of great benefit to growing crops.

A Croatan by the name of Brayboy, who is wanted at Dillon, S. C., for the murder of another Croatan named Jones, at that place two weeks ago, was arrested by Deputy Sheriff Calvin Lowrey last night in Burnt Swamp township and brought here this morning. He will be held in jail here for the South Carolina authorities. Brayboy will go back without requisition papers. He says he can prove the killing was done in self-defense and does not fear the result.

John C. George, who killed Marshall Clark at Kingsdale, four miles from here, last Fall, was arrested in Marion, S. C., charged with attempting criminal assault in 1907, last week. The evidence against him there is said to be very weak, and if he is acquitted of the crime will be turned over to the North Carolina authorities. George and Clark, both colored, fell out over a colored woman at Kingsdale, the result of the dispute being the killing of George by Clark.

AUTOMOBIL EACCIDENT.

Mule Took Flight at Automobile—Railroad Accident—Court.

Spring Hope, May 9.—A mule driven by Mr. William Bass, who lives near Spring Hope, took fright at Col. William S. Befley's automobile Saturday afternoon, ran away, breaking the buggy, and throwing young Louis Bass to the ground, bruised his thigh and shoulder, and cut a big gash in his head. The mule escaped uninjured. Just before the automobile was met Mr. Bass had gotten out of the buggy and gone to the mule's head, and so was not in the buggy at the time of the accident. The runaway created a great deal of excitement as it all happened in the town, and on Saturday afternoon when the streets were full of people.

There came near being a fatal accident Saturday on the railroad of the Montgomery Lumber Co. when a negro made an effort to board one of the moving cars of the road. He was caught between the car and a pile of lumber near the track, and his body turned over and over between the two for the length of the car. His body was badly crushed, but it is not thought the injury will prove fatal. The negro was a workman for the company.

Nash county Superior Court for the trial of civil cases convenes at Nashville today. Judge D. L. Ward, of Newbern, is the presiding judge. There are a number of cases on the docket.

Why Should Judge Manning be "Turned Down"?

(From the Chatham Record, Wednesday, April 27, 1910.)

The people of North Carolina are to be congratulated that they have two such worthy gentlemen, staunch Democrats and eminent jurists as Judges Manning and Allen as aspirants for the high and honorable office of Associate Justice of our Supreme Court, because either of them would fill that position with credit to himself and honor to the State. And yet, while this is true, we think that Democratic usage and common fairness demand the nomination of Judge Manning.

During the 42 years, since 1868, that our judges have been nominated by political conventions and elected by a vote of the people, no Democratic State convention has "turned down", or refused to nominate the appointee of the Governor, and only four district conventions have refused to nominate the judge of a district who had been appointed by him. So that according to Democratic usage Judge Manning should be nominated.

Common fairness also demands his nomination, and the people of North Carolina are fair-minded. Judge Manning has "made good" the Governor's appointment of him, for he has fully met the high expectations of his many friends who urged his appointment. He has worn the judicial ermine most worthily, and his opinions are ranked among the best ever delivered by any judge of our Supreme Court. No lawyer doubts his fitness for the office. In character, legal learning, party service and judicial temperament he is worthy of receiving the endorsement by his party of the Governor's appointment. And why should he not receive it? The only objection suggested is that another good Democrat wants it!

Is this a sufficient reason for "turning down" Judge Manning and rebuking Governor Kitchin for appointing him? While, of course, the Democratic party has the right and power to rebuke a Governor for any appointment made by him, yet does Governor Kitchin deserve such a rebuke in his appointment of Judge Manning? If Governor Kitchin had appointed Judge Allen instead of Judge Manning, when both were aspirants for the appointment, and he had discharged the duties of his office as well as Judge Manning has (and we do not doubt that he would have done so) then we would have urged Judge Allen's nomination for the same reasons above given for Judge Manning's nomination.

In this connection we may mention that the Democrats of this State, so far back as 1896, thought Judge Manning worthy of judicial honors, for at the election that year he was their candidate for judge of the Fifth Judicial District, and received more votes than any other Democratic candidate on the State ticket, although all were defeated by the Fusion ticket.

OF AUTOMOBILE INTEREST

Elliott Resigns as Secretary to Assume Secretaryship of Club.

New York, May 7.—An announcement of more than ordinary interest in automobile circles was the election of Frederick H. Elliott as secretary of the Touring Club of America.

In accepting this office Mr. Elliott has tendered his resignation as secretary of the American Automobile Association, a post he has held for three and one-half years. During this period Mr. Elliot has become widely known to motorists all over the country. His success in organization work, in stimulating the rapidly increasing interest in the good roads movement, supplemented more recently by the energetic campaign he has carried on in co-operation with Charles Thaddeus Terry, for a National registration law, are well known to all wide awake automobilists.

Mr. Elliott, as secretary of the touring Club of America, has also been elected to the Board of Directors and will therefore be actively identified with every detail of its management.

Mr. Elliott came to New York from Syracuse in January 1907, to assume the secretaryship of the American Automobile Association, at which time Hon. William H. Hotchkiss, of Buffalo, now state superintendent of insurance, was elected President. Mr. Elliott's three and a half years stands as a record to an elective office in the A. A. A.

Before coming to New York Mr. Elliott had acquired a wide knowledge of automobile organization, having been one of the founders of the Automobile Club of Syracuse, serving as its secretary and treasurer for several years. Mainly through his efforts the New York State Automobile Association was organized in 1903 of which he was first secretary while Hr. Hotchkiss was the first president.

This well earned experience and familiarity with automobile conditions will hereafter be devoted toward enlarging the field of the Touring Club of America and making this body a great national touring organization similar in scope to the large European touring clubs having for their object the compilation of accurate touring information for immediate use by motorists desiring to travel in any part of the world.

Coincident with this important change comes the announcement that the Touring Club of America has removed from its old quarters in West 54th street to its new home with vastly improved accommodations at Broadway and 76th street, where several spacious floors have been fitted up for the members and exceptional accommodations provided for studying route maps and all the other touring facilities provided by the club.

NEW RATE SCHEDULES

Railroads East of Mississippi at Work on a Readjustment.

(Special Star Correspondence.)

New York, May 7.—The roads in the territory between the Mississippi river and the Atlantic seaboard comprising the water-and-rail as well as standard and differential rail lines, are understood to be at work on a rate readjustment which will bring to all lines some increases in revenue in both freight and passenger traffic.

The extraordinary increase in operating expenses through increased wages to employes, cost of material, and in taxation, as well as in many other costs are assigned as the impelling factors in these adjustments.

The plan to be follow d is said to contemplate a readjustment of the relation of rates whereby the larger advances will be made on articles of luxury and the higher classes. This will involve an increase in class rates more nearly proportionate to the value of the commodity shipped, being greater on the higher classes and graded down so as to amount to but a small advance on articles in the lower classes.

In view of the large amount of detail work involved there is small possibility of putting these changes in effect prior to the passage by Congress of the amendment to the Hepburn Act which will give power to the Commission to suspend proposed advances for a certain period until the Commission can consider the propriety thereof, but it is understood to be the intention of the railroads to anticipate such provision of the law and voluntarily submit to a suspension of the proposed readjustment should the Commission so request.

CHILD STRUCK BY TRAIN

Terrible Accident Near Fennert, N. C. Thursday Afternoon.

(Fayetteville Observer.)

Yesterday afternoon, about 4:30 o'clock, the through freight going south struck Murray, the three and a half year old son of Mr. R. L. Polar, of Rennert, seriously injuring the little fellow. He was brought to the High-Smith Hospital last night and on examination it was found the skull was fractured and pressing on the brain. A very delicate operation was performed, the skull being elevated and the brain could be seen pulsating.

Mr. Tolar, the child's father is section master at that point, and his crew of men were then at work near his home. It is thought the little fellow was going down the track to meet his father when he was struck by the train. It is a very sad accident and while everything possible is being done for the child, and his condition is as good as could be expected, his little life hangs by a hair, as it were.

FROM THE SUNNY SOUTH LAND.

Nature has been lavish in her gifts to the South, and none is more important and practical than her gift of the Cotton Plant. In the soil, warmth and sunshine of the South, the Cotton plant attains its highest perfection. Formerly, only the white, downy lint of the Cotton Boll was preserved, but today, from the kernel of the cotton seed is pressed an oil which compares favorably with the purest olive oil. From this oil of the cotton seed is made a cooking fat called Cottolene. In efficiency, purity and wholesomeness, Cottolene far excels the fat of the hog, and it has well been named "Nature's gift from the Sunny South."

TOBACCO ASSOCIATION MEETS

President Makes Reference to Philippine Bill In Address.

Hartford, Conn., May 9.—The National Tobacco Leaf Association is holding its 12th annual convention here today with 200 delegates in attendance. President J. F. Cullman, Jr., of New York, in his annual address says:

"No doubt the Philippine bill as passed seems insatisfactory and unnecessary to a great many of you. However, when you consider that we were able to place definite limits on the free importations of leaf and cigar and thus were placed in a position where, at least, as long as the tenure of the present administration, the uncertainty of a greater possible injury to our industry was removed the bill was passed is not an unmitigated evil.

"The simultaneous passage of a tariff bill for the Philippine Islands with identical schedules of import duties on tobacco as provided in the Payne bill is an example of the care and forethought of your officers in a most delicate situation.

"We must look upon the Philippine bill as a contribution from our industry to the pet charity of our executive. As long as we had to give, why not give gracefully, and comfort ourselves with the knowledge that our annual contribution cannot be increased."

CARUSO ON THE STAND

Noted Tenor Appeared at Blackhand Trial in New York.

New York, May 9.—Fear caused Enrico Caruso, the opera singer, to appeal to the police when threatened with blackhand vengeance. Caruso testified to this effect today when he appeared in the county court of Brooklyn as a witness against Antonio Misiani, who is on trial charged with trying to extort $15,000 from the tenor. Caruso, who had come here from Atlanta, Ga., to attend the trial, was nervous and ill at ease when he was on the stand.

A detective who captured Misiani told of watching the place where a decoy package was left and of seeing Misiani, in company with Antonio Cincotto, pick it up. He had to fight to subdue Misiani, he testified, and took from him a loaded pistol. He said the prisoner previously had discarded a sawed off shot gun.

Caruso was accompanied to the court by the body guard he has employed since receiving the letters. The case goes on tomorrow.

BEATS BEING BED-RIDDEN

J. F. Stone, of Lawrence, Says His Wife Was Totally Helpless Until Relieved by Cardui.

Lawrence, Kans.—"My wife," says J. F. Stone, of this city, "suffered for ten years from female troubles, during two of which she was totally helpless. She was examined by many physicians, some of whom gave her up to die. Finally she began to take Cardui, and since then has greatly improved in health.

This beats being a constant, bed-ridden invalid. I will do all I can for Cardui."

The tonic, strengthening, and restorative effects of Cardui, the woman's tonic, on woman's constitution, are the most valuable qualities of this popular medicine.

Cardui is made from strictly vegetable ingredients. It acts specifically on the womanly organs, gently stimulating them to do their proper work, relieving pain and restoring health.

There are no bad after-effects from Cardui, since it is mild, gentle, and non-intoxicating.

Do you need a tonic? Then take Cardui, the woman's tonic. It has helped thousands of suffering women and will surely help you.

Your druggist has it. Ask him about Cardui. He will tell you that it will do all that is claimed for it.

AN UP-TO-DATE STOVE

Do you realize there is no longer any reason why you should use a coal range? Oil is cheaper than coal; it is lighter and easier to handle, and gives an intense heat. Provided you have the right stove, oil is more economical, cleaner and less trouble. Have you seen the

New Perfection
WICK BLUE FLAME
Oil Cook-stove

The accompanying illustration gives you only a rough idea of its appearance. You really can't appreciate it until you either use it yourself, or talk to someone who has used it. It does everything that a coal range will do—except heat the room. The New Perfection Oil Cook-Stove will do anything, from heating a kettle of water to cooking a course dinner, but it won't heat a room. It doesn't "smell," it doesn't smoke. It can't get out of order. Light it and it is ready. Turn it down and it is out. Only a woman who knows the trouble of carrying coal and cooking in a hot kitchen can appreciate what it means to have a clean, perfect stove that will cook anything, boil, bake or roast, and yet won't heat the kitchen. How is it done? The flame is controlled in turquoise-blue enamel chimneys, and directed against the bottom of pot, pan, kettle or oven, and only there. The flame operates exactly where it is needed—and nowhere else. With this stove your kitchen is cool.

Cautionary Note: Be sure you get this stove—see that the name-plate reads "New Perfection."

The nickel finish with the bright blue of the chimneys makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

Every dealer everywhere; if not at yours, write for Descriptive Circular to the nearest agency of the

FORESTRY SCHOOL FOR EASTERN NORTH CAROLINA.

The woeful waste of the forests of eastern North Carolina not only warn us that we must earnestly begin the work of conserving our remaining forests, but that we should make a study of forestry and undertake reforestation and the better care of our forests.

On Mr. George W. Vanderbilt's great estate near Asheville, a forestry school is conducted by Dr. Schenck and no doubt it will be worth millions of dollars to western North Carolina. The practical and scientific instruction which is given will send out men well prepared for the work and there is no room to doubt the good results that will follow.

An Asheville dispatch on Sunday states that Dr. Schenck, of the Biltmore School of Forestry, and a number of students of that institution, have returned from a study of the forests of Germany. The party sailed from New York in November last and have spent the time at Dermstadt on the edge of the Black Forest. With the return of Dr. Schenck, it is also announced that in addition to the Biltmore School of Forestry he also will establish forestry schools at Cadillac and other points in Wisconsin and Michigan.

Eastern North Carolina can well envy western North Carolina. The long-leaf pine forests of this part of the State have been prodigally wasted and the waste still goes on. Once a source of great wealth for their naval stores products and later for lumber, the first named industry began to wane years ago and the lumber industry has dwindled because the forests in many localities no longer furnish the timber to keep the saw mills supplied. Let us do some preservation and conservation and let us make a study of forestry and engage in reforestation before it is too late. It is said that forests that are systematically planted in European countries pay as good dividends on the investment as if the lands were utilized for agriculture, and if that is true we already have substantial wealth in our standing timber and the growth that can take its place as the timber is cut away judiciously, as is taught in forestry.

If the State will not take up the forestry problem, some patriotic citizens or philanthropists would do a good work in getting Dr. Schenck to establish a forestry school at or near Wilmington. Its importance will come up for consideration, we fear, when the emergency comes to us, whereas we should realize that practically we already face that emergency.

The Norfolk Virginian-Pilot remarks: "The Charlotte Observer describes North Carolina as "labor-hungry." It might also be characterized as "office-hungry." The vacancy in the State Corporation Commission occasioned by the recent death of Mr. Aycock has existed only a few days, but already the applications for the job number nineteen." Oh, you lemon peddler.

It is said that four Kings in Europe have taken a fancy to Col. Roosevelt. We are no mindreader, but we've got a side bet that Uncle Joe and Cousin Nelson Aldrich are willing to throw down their hands and let four kings take the trick.

Senator Aldrich says the government is extravagantly conducted and that he could run it at a saving of $300,000,000 a year. Well? Well, that's where he would be in a position to add $300,000,000 a year to his income.

"Trojan" has been doing the editorial work on the Durham Herald the past week. He is on the job all right, but whenever "Trojan" subs it is a sign that Editor Joe King has dug his bait and gone fishing, which is an annual trick of his.

The Republican party is trying mighty hard to bamboozle consumers into believing that it is not responsible for the high cost of living. Even if it succeeds, we have hereditary objections that have to be overcome.

Nay, Pauline, the next style of hats for women is not to include an appendage resembling the tail of Halley's comet. They are too afraid of the comet or anything that will remind them of it.

Some men are mean enough to oppose woman suffrage because it is possible for a woman to sell her vote and spend the money at a bargain counter before she gets home.

The tribute which King George V. paid to his father was filial, tender and true.

Since the Taft railroad bill has been dismantled and emasculated it looks like a cross between a brushheap and the wreck of a timber raft.

NEGRO HEROES REWARDED.

The Star notes with gratification that the Carnegie Hero Fund Commission has substantially rewarded two North Carolina negroes, or at least the one gets his reward while the family of the other, who lost his life in a heroic attempt to save the lives of others, has been properly recognized, as will be learned from the Wadesboro correspondence of the Charlotte Observer, copied elsewhere in the Star this morning.

The negroes who have been taken notice of by the Carnegie Hero Fund Commission were Frank Forrest and the late Harley Tomlinson, of Anson county, the former instrumental in saving several men from drowning in the Pee Dee River, while the latter lost his life in the act of heroism which has brought a medal and $15 a month to his widow during the balance of her life. Forrest was awarded a medal and $500 in cash.

When the tragic event occurred, revealing the heroism of the two humble black men of Anson, the Star urged that they deserved consideration from the Hero Commission and the recognition that has been secured for them by some of those whose lives were saved and through the efforts of citizens of Anson, will give satisfaction throughout North Carolina.

The example of the Anson heroes, for such they were in every sense of the word, should be an inspiration to the colored people, among whom, however, there are many instances of the kind. Noble deeds will uplift any race, and emulation of them will be brought about by notable examples.

Henry Clay Brown appears to have carried it unanimously with the exception of one Republican press vote that will never be counted.

Quit kicking against the "pardon mill" run by one man but relieve the Governor of that thankless job by establishing a board of pardons.

CURRENT COMMENT.

The German aeroplane which turned turtle may have seen the Colonel advancing.—Wall Street Journal.

New England land is the cheapest, asserts the Boston Transcript, proudly. Well, why not?—Cleveland Leader.

The New York Sun praises very highly a man named Bartlett. He's dead, of course.—Charleston News and Courier.

There is a proposition in New York to make the Governor's salary as large as that of a big league president.—Toledo Blade.

Lots of men are coming to love the Republican party for the Democrats it has made—and is still making.—St. Louis Post-Dispatch.

Just now the "Back from Elba" movement is giving Speaker Cannon less concern than is the Back to Danville movement.—Kansas City Times.

Some of the correspondents stories about himself which T. R. is labelling as latitudinous lies are much better worth a dollar a word than most of the stuff he is unloading on the magazines at that price.—Norfolk Virginian-Pilot.

Deacon Hemphill, in the Richmond Times-Dispatch, asserts that the Atlantic ocean rises in the James river. In days gone by the deacon believed that the confluence of the Cooper and Ashley rivers made the ocean.—Anderson Mail.

The question is sometimes asked why does North Carolina Democrats fight each other so much harder than they do the Republicans? The answer is easy: It is so much easier to lick the Republicans.—Greensboro Telegram.

The Democrat read the statement the other day that in 1908 the sum of $20,000,000 was spent by auto people in the United States at American resorts. The western part of North Carolina is destined to be one of the favorite resorts for the traveler in the auto car, and we might as well get ready for him.—Hickory Democrat.

In massachusetts members of the G. A. R. are becoming so alarmed over the popularity which the tune of "Dixie" has obtained that they fear it may portend a new secession, and have employed a poet to fit the words of "John Brown's Body" to the air so as to counteract the effect.—Norfolk Virginian-Pilot.

It is now being said that the recent conference of spinners at Greensboro was the quite unintentional cause of the government's Cotton-pool investigation. Attorney General Wickersham believed that conspiracy was in the air. We don't know how much headway he will make, but wish the accused a safe deliverance.—Charlotte Observer.

Some historical sharp has discovered that fifteen hundred years ago there was a rich Chinese merchant named Houei T'ze who, Carnegie-like, gave away libraries all over his country and made them serve as monuments to himself. China in her time thus had a Carnegie, along with pretty much everything and everybody else. But it is safe to say that she has never had a Roosevelt—not within the past fifteen hundred years, anyway.—Charlotte observer.

Although seldom gratified, the average editor's capabilities for enjoying a good time are phenomenally developed. From present indications Wilmington is going to come as near filling the cup as it is possible. The city has just set aside the sum of $500 to be expended on entertainment of visiting editors and a very interesting programme has been arranged which will crowd the visit of the visitors brim full of fun. A sailing party, dance and other functions are planned, and it is likely very few of the brethren will permit this opportunity to go by.—Charlotte News.

Chief White Eagle of the standing Rock reservation in North Dakota has deserted his pony for an automobile. In February White Eagle sold two large silver treaty medals presented to his forefathers by General Jackson. He had an idea that an automobile would just about suit him, so he invested his money in a car. According to reports from the reservation White Eagle is having all kinds of fun dashing across the prairie with the tonneau filled with companions who constantly indulge in the war-whoop. There is no traffic to bother the chief, and the absence of speed laws in his vicinity makes dacing speed possible.—Los Angeles Examiner.

Nowhere in South Carolina, we think, has there been a more thorough awakening in the last two or three years than in Georgetown county. The city of Georgetown is one of the oldest towns in the State and has always been known as one of the most delightful, famed for its hospitality, rich in historical associations, distinguished for the culture and refinement of its people. To these characteristics it is now adding a thriftiness which promises large results. The development in progress here is taking the form of the elimination of waste. In this respect, Georgetown, in at least one particular, is leading not only the South, but the world. It will be the first town in which ethyl alcohol is manufactured from wood for commercial purposes. The plant which the DuPont Powder Company is erecting for this purpose, at a cost of $200,000, is almost completed. It has been constructed under the personal supervision of Mr. G. H. Tomlinson, of Chicago, to whose genius and persistent experimentation during a period of ten years is due the discovery of how wood might be cooked and the alcohol extracted. The plant will begin operations within the next few weeks. It will have a daily capacity of 2,000 gallons of alcohol, manufactured from the sawdust which the Atlantic Coast Lumber Company is now destroying at considerable expense in a costly furnace erected for that purpose.—Charleston News and Courier.

Talking Wilmington.

(Charlotte Chronicle.)

Colonel Thomas W. Clawson, who is now doing editorial work on The Wilmington Star, is as full of facts and figures as a porcupine is full of quills. We are hoping that Major Joe Thompson will let Colonel Clawson out into the statistical field, for as a matter of fact, the exploitation of the business of Wilmington—marine, commercial, banking and manufacturing—properly done up, would be an item of surpassing interest to the people of the State. Wilmington long ago left Charleston in the lurch, and in the handling of cotton it is creeping mighty close up to Norfolk. The people of Wilmington are powerfully cordial to strangers, but when they are not entertaining the visitor, they are devoting too much time to cat fights. Wilmington is North Carolina's only seaport town and whether or not it is willing, the State is going to make it one of the greatest cities on the Atlantic coast. We want Clawson, of The Star, and Cowan, of The Dispatch, to get down to the work of talking up Wilmington, and we beg of them pardon for our boldness.

(Charlotte Observer.)

Mr. T. W. Clawson is again doing, and doing well, the editorial work on The Wilmington Star. We only hope that Carolina Progress, the industrial publication which he had projected, will not in consequence fall through.

CONTRACTS FOR PAVING.

Asheville to Improve About 60,000 Square Yards of Streets.

(Charlotte Observer.)

Asheville, May 7.—At the weekly meeting of the board of aldermen last night a report of the street committee was adopted recommending the awarding of contracts for paving to the Atlantic Bitulithic Paving Company and the Southern Paving & Construction Co., of Chattanooga. The contract with the Atlantic company is for 20,000 square yards or more at $2.12 a square yard. The Chattanooga firm will pave with brick and secures about 6,000 or 8,000 square yards.

The pavers will go to work within a few days and under the terms of the contract paving operations must cease November 1st. This is required so that no paving will be laid during the cold winter months. The city expects to really pave about 60,000 square yards of streets this summer and when this paving is laid Asheville will have more miles of paving than any other city of probably twice its size in the South.

MORE ELECTRICAL POWER.

Great Development of Southern Power at Islands, S. C., Ready.

(Charlotte Observer, May 9th)

Dr. W. Gill Wylie, of New York, and Mr. W. S. Lee, Jr., of Charlotte, vice presidents of the Southern Power Company, went down to Ninety-Nine, Islands, S. C., yesterday to make a final inspection of the magnificent property there before the waterwheels and machinery of the mammoth power station are set a-going for the first time tomorrow.

The dam at Ninety Nine Islands, four miles from Gaffney, on the Broad river, is one of the longest and largest in the South. It was built on contract, the first of the power stations to be so erected by the Southern Power Company, and was completed in fine shape. The station will generate 24,000 horsepower of electricity, which by reason of its location with reference to the other powers and the transmission field is very valuable.

Dr. Wylie and Mr. Lee returned to the city last night.

An Ideal Husband

is patient, even with a nagging wife, for he knows she needs help. She may be so nervous and run-down in health that trifles annoy her. If she is melancholy, excitable, troubled with loss of appetite, headache, sleeplessness, constipation or fainting and dizzy spells, she needs Electric Bitters—the most wonderful remedy for ailing women. Thousands of sufferers from female troubles, nervous troubles, backache and weak kidneys have used them and become healthy and happy. Try them. Only 50c. Satisfaction guaranteed by Robert R. Bellamy.

REWARDED FOR HEROISM.

Two North Carolina Negroes to Receive Carnegie Medals.

(Special to Charlotte Observer.)

Wadesboro, May 8.—The Carnegie hero fund commission has notified Rev. T. W. Chambliss of the awards made in the case of Harley Tomlinson, deceased, and Frank Forrest. It will be remembered by readers of the Observer that last August, while the Pee Dee river was in flood, Col. H. G. Myers, of Memphis, Tenn., and Mr. A. J. Little, of Little Mills, who were traveling to Little mills by buggy, attempted to cross the river. They were in the ferry boat which was in charge of three negroes, Frank Snuggs, Jule Snuggs and Oscar Colson. When about half way across the river the front chain which had been properly shortened, but not securely fastened, slipped its fastening, letting the front end of the boat down stream until the boat was at right angles with the current. The current running very swift, overturned the boat, and it sank. The occupants of the boat with the buggy and team were swept from the boat by the current with the exception of one of the boat hands.

On the bank of the river at this time was Harley Tomlinson and Frank Forrest. These two negroes immediately took a small row boat and went to the rescue of the party. Oscar Colson was still clinging to the sunken ferry boat. In attempting to rescue Colson, Tomlinson and Colson were both drowned and Forrest was swept off from his boat and down the stream. Later his son, Greely Forrest, rescued Frank Forrest, and the two together went back to the scene of the wreck and brought off all the others who were alive, H. G. Myers and A. J. Little were both rescued without any injury.

Shortly after the affair occurred, Rev. Mr. Chambliss brought the matter before the attention of the Carnegie hero fund commission, with the result that an investigation was made and a full report of the accident was taken before the commission at Pittsburg. The result of this investigation is that the commission has awarded bronze medals, one to the family of Harley Tomlinson, to his widow, and the other to Frank Forrest. In addition to the medals the commission has awarded to the widow of Harley Tomlinson the sum of $15 a month as long as she may live, and to Frank Forrest, the comfission has given the sum of $500 in addition to his medal.

JAIL BREAKING AT WASHINGTON.

White Men Overpower Jailer and Get Away, But Are Recaptured.

(Special to Charlotte Observer.)

Washington, N. C., May 8.—A very sensational jail delivery was effected at the city jail about 7 o'clock this morning when C. L. Norris, Will Skipper, and Henry McFarland, three white prisoners succeeded in overpowering the jailer and making their escape.

It seems that Deupty Sheriff J. F. Lucas, the jailer, went to their cells to get their plates for their breakfast and the prisoners feigned sleep. Norris, and McFarland were in one cell and Skipper in another. The jailer unlocked the first cell and stooped in to get their plates when Mc Farland sprang upon him, grabbing him by the throat and holding him powerless, while Norris took the keys and unlocked Skipper's cell. These two immediately bolted and were followed by McFarland. The jailer fired upon them as they were fleeing from the jail but failed to get his men and immediately started in pursuit joined by a number of citizens.

The men were finally located hiding behind an undertaking establishment on Second street and were arrested by the plucky jailer assisted by J. F. Buchman, Jr., and T. B. Garney and again locked in jail.

This makes the second time these men have escaped from the jail within one month's time. About three weeks ago they succeeded in knocking a hole in the front wall of the jail during the early morning hours and managed to get off but were later captured. All three men are awaiting trial for petty criminal offenses.

NORFOLK & SOUTHERN DEED.

Filed for Record Yesterday in Craven —Memorial Day Plans.

(Special Star Correspondence.)

Newbern, N. C., May 8.—A deed has been filed with the register of deeds of Craven county by Messrs. Wolcott & Kerr, receivers, conveying all of the property, tracks, franchises, etc., of the Norfolk & Southern railroad to the new Norfolk Southern Railroad. The consideration being $8,500,000 The deed is in the form of a printed pamphlet of about sixty pages and will be filed for registration in each county through which the N & S R. R. passes.

On Tuesday, May 10th, Memorial Day exercises will be held under the auspices of the Daughters of the Confederacy. Hon. Chas. R. Thomas, Congressman from this district, will be the orator of the day. After the oration the line of march will be formed and the veterans, military companies, citizens, etc., will march to the cemetery where the Confederate graves and monuments will be decorated with flowers.

Regrettable Timber Waste.

(Lenoir News.)

We hoped the people who own valuable timber would not continue to destroy it simply for the little money they may realize from the sale of tan bark. It is very likely much of the timber cut to secure the bark will be left to decay in the woods. It is, to say the least, a most wasteful and extravagant mode of selling timber. The bark can only represent a small percentage of the value of the standing timber and to cut it down just for the bark is most wasteful. No one would think of killing fine beef simply for the hide, and to cut a tree simply for the bark is a worse offense, for it takes much longer time to reproduce the tree, and the cutting of it robs future generations.

A Man Wants to Die

only when a lazy liver and sluggish bowels cause frightful despondency. But Dr. King's New Life Pills expel poisons from the system; bring hope and courage; cure all Liver, Stomach and Kidney troubles; impart health and vigor to the weak, nervous and ailing. 25c at Robert R. Bellamy's.

Annual May Sale!

Continued

We have had a most successful week and sales have far exceeded our expectation. We fixed our mark to surpass all previous records for the month of May, and will not be satisfied to stop short of that mark, therefore our sale will continue next week. Our long list of bargains will be increased by the arrival of new goods.

AFFAIRS AT WHITEVILLE.

New Train Appreciated—County Politics—Civic Improvement League.

(Special Star Correspondence.)

Whiteville, N. C., May 9.—The article in Sunday's Star announcing the schedule of the new train over the Coast Line, was received here with the greatest satisfaction. This train will probably pass here at 8:30 A. M. and returning pass about 8:00 P. M. This will probably mean an increase of at least 50 per cent. in the travel from here to Wilmington. When asked regarding the dispatch of mails to and from these trains Assistant Postmaster Olivier said they would probably receive orders from the Postal Department relative to this later.

With the additional train service assured from Chadbourn to Wilmington, and with the Southport, Whiteville & Northern Railway completed, a system of waterworks for the town, for which bids have been called for, power lights, electric railway for which a franchise has been granted, the cotton mill erected and the street improvements to the amount of $25,000 (for which bonds have been issued), the untiring efforts of the Civic League, the draining of White Marsh, thereby giving us connection with the outside world over water, and the erection of a new court house by the county, together with a few more improvements we ask. "What is the matter with Whiteville?"

Columbus politics are booming up right along, and the candidates are leaving no stones unturned to win. For Clerk of the Superior Court, the present incumbent, L. W. Stanley, has no opposition thus far. Mr. C. Ed Smith, present Register of Deeds, will have three opponents in the race for this office in the persons of W. Ellis McDaniel, Dan Hester and George E. Collier. For sheriff, Tax Collector J. Thomas Best will oppose Sheriff Richardson for the honors. Prominently mentioned for the State Senate are Jackson Greer, Esq., and Donald McRackan, both of whom have served in the State Legislature before. No candidates have announced themselves for Treasurer against R. H. Powell, Esq., who is the present official. The Democratic county convention will be held in the Columbus county court house, June 25th. The Congressional primary will be held here July 8th.

The Civic Improvement League began operations Wednesday and it is with pleasure we report the gratifying results accomplished by these good ladies. The business houses, as well as private residences, show a decided improvement. The League offers the following prizes: To the boy under 16 years old, who collects the largest pile of trash, $2.00 in cash; to the boy who collects the next largest, a cash prize of $1.50; to the boy who collects the third largest pile of trash, a prize of $1.00. We have already seen piles that would fill two box cars.

Lion Fondles a Child.

In Pittsburg a savage lion fondled the hand that a child thrust into his cage. Danger to a child is sometimes great when least regarded. Often it comes through Colds, Croup, and Whooping Cough. They slay thousands that Dr. King's New Discovery could have saved. "A few doses cured our baby of a very bad case of croup," writes Mrs. George B. Davis, of Flat Rock, N. C., "We always give it to him when he takes cold." It's a wonderful medicine for babies." Best for Coughs, Colds, LaGrippe. 50c. $1.00. Trial bottle free. Guaranteed by Robert R. Bellamy.

If your Dealer can't supply you, sent by Mail or Express, prepaid. Write for booklet on Sulphur.

HELP THE CENSUS PEOPLE

Movement for a Full Count is Nation Wide—Wilmington's Duty in the Premises—How You May Help in Work.

The fact that every town, city and hamlet in the United States is alive to the importance of the fullest co-operation with the census people in arriving at a full count of the inhabitants of their respective communities, emphasizes the importance of a similar work in Wilmington. District Supervisor Tucker, of Whiteville, has made the way easy and it is hoped that a sense of patriotism and public spirit will impel everyone to do his or her duty in the premises.

Elsewhere in today's paper will be found a coupon which may be clipped out of the paper, filled in and forwarded to the supervisor, if for any reason any person may have good reason to believe they or any members of their household, including servants, may not have been counted by the enumerators. Of course, it is best to see your enumerator and see if the names have not already been entered, but if this cannot be settled satisfactorily, then clip out the coupon and forward it at once to the supervisor at Whiteville.

A leading and public spirited Wilmington citizen traveling through the Mississippi valley a few days ago, was struck by the co-operation of citizens in the towns and cities of that section and made a number of clippings from papers which were sent to a Wilmington friend to show the necessity of Wilmington's keeping apace in this important work. At Hattiesburg, Miss., for instance, the city council met and called for two mass meetings of whites and two for negroes for the purpose of assisting the enumerators in getting a full and complete list. Prominent citizens were appointed to see that the people of their respective communities were listed. In Little Rock, Ark., all the commercial organizations took up the matter and distributed slips far and wide to see that none was missed. In Columbus, Miss., the people appealed to the patriotism of the school children, who were provided with printed slips and 2,000 self-appointed enumerators went to work on a single day and inquired of every man, woman and child whom they met, if they had been enumerated. This resulted in the addition of thousands of names. It is now up to the people of Wilmington and they should see that every nose is counted.

FRYING PAN LIGHTSHIP.

Story of the Old Sea Veteran—Being Repaired at Charleston.

The following appeared in yesterday's Charleston News and Courier in regard to Frying Pan Shoals lightship, which was recently relieved from service on the North Carolina coast and sent to Charleston for repairs:

"The staunch old Frying Pan Shoals lightship No. 1, which was towed into this port several days ago by the lighthouse tender Cypress to undergo extensive improvements and repairs, was docked late Saturday afternoon at Pregnall's shipyard, for the purpose of ascertaining just what repairing is necessary to the copper sheathing of her hull. When the amount of work necessary to be done to the hull has been determined, bids will then be received by the lighthouse department for the complete overhauling of the vessel. The improvements and repairing to be done are of such extent that the vessel will be in port for the next three months. When the work has been completed this old "watch dog" of the seas will be towed back to her former place of anchorage on the lonely shoal off the coast of North Carolina, and will again take up her silent vigil on the treacherous reef.

"The old lightship is one of the most interesting, as well as one of the most unique vessels that ever put into this port. She was built in 1855, and is in practically as good condition today as she was the day she was launched. An old tar, in speaking of the vessel, said that he would rather go to sea in the old lightship than on board the fortress of steel, South Carolina. "When many of your modern craft have gone to the junk pile,' 'said the grizzled sailorman, "this old vessel will be doing duty in the teeth of the gales on Frying Pan Shoals."

CHANGE AT CITY HALL.

Health Department Moved Yesterday to the Basement.

The City Health Department is now located in the basement of the City Hall, occupying the handsome room arranged some months ago for the Naval Reserves, which was disbanded a few weeks ago by orders from Governor Kitchin. Entrance to this room is from the north side of the entrance to the City Hall proper. The health officers said yesterday that they were very much pleased with their new quarters. The room vacated by the health department will be used by the engineering department, which is expected to get busy in a few days. The removal of the health department will give considerably more room on the first floor for the Street Commission and engineering department.

SPECIAL RATES TO GOLDSBORO via. ATLANTIC COAST LINE.

The Atlantic Coast Line announces the following low rates to Goldsboro and return May 11th, on account of the Dedication of the Jacobi Memorial Building of the Odd Fellows' Home. From Wilmington, $2.10; Bargaw, $1.55; Wallace, $1.20; Clinton, $1.05; Warsaw, 70 cents; Mt. Olive, 35 cents. Tickets will be available to all persons applying for same, and will be limited to return May 12th. Special accommodations will be furnished on train 48 leaving Wilmington at 8:30 A. M. of the 11th, and for the return trip special service has been arranged to leave Goldsboro at 10 P. M. For further information 'phone 160. **

A Regular Tom Boy

was Susie—climbing trees and fences, jumping ditches, whitling, always getting scratches, cuts, sprains, bruises, bumps, burns or scalds. But laws! Her mother just applied Bucklen's Arnica Salve and cured her quick. Heals everything healable—Boils, Ulcers, Eczema, Old Sores, Corns or Piles. Try it. 25 c at Robert R. Bellamy's.

GRAND LODGE OF ODD FELLOWS

Convenes in Goldsboro Today for Three Days' Session—Low Rates for the Public—Big Barbecue.

A number of Wilmington Odd Fellows will leave on the northbound train this morning for Goldsboro, where they will attend the annual meeting of the Grand Lodge, which convenes in the hall of Neuse Lodge this afternoon at 3:30 o'clock with Grand Master P. H. Williams presiding.

Tonight a meeting will be held in Jacobi Memorial Building at which the visitors will be formally welcomed to Goldsboro. The programme will be as follows: Fraternal greetings by Masons, P. R. King; Knights of Pythias, H. C. Smith; Woodmen of the World, John E. Stanley; Junior Order, Gurney Hood; Elks, Col. Jos. E. Robinson; address of welcome, Col. A. C. Davis; response, Grand Master P. H. Williams; response, Mrs. H. R. Whitaker, president of Rebekah State Assembly.

At 8:45 o'clock the visitors will be entertained by the children of the Home. Tomorrow is the big day of the meeting, and will be featured by the laying of the cornerstone and dedication of the Jacobi Memorial Building. The addresses upon this occasion will be made by Past Grand Master John D. Bellamy, of Wilmington, and Grand Representative R. T. Daniels, of Griffin, Ga. The Atlantic Coast Line has made an especially low rate from Wilmington and intermediate points to Goldsboro and return tomorrow and it is expected that several hundred Odd Fellows and others will go from this city. 'There will be a special train leaving Goldsboro at 10 P. M. for the accommodation of those who go from this city and section. Those who do not care to return tomorrow night may spend the night in Goldsboro and return on either of the regular trains Thursday. A big Wayne county barbecue will be served on the grounds and Odd Fellows and their friends are cordially invited to take the trip. The low rates are officially given elsewhere in today's paper.

MRS. A. E. MOORE DEAD.

Passed Away Sunday Afternoon at Atkinson—The Funeral.

Mrs. A. E. Moore, mention of whose critical illness was made in Sunday's Star, died at 4:30 o'clock Sunday afternoon and the funeral services were conducted by Rev. W. M. Sykes, of Burgaw, yesterday afternoon at 4 o'clock, the remains being laid to rest in the family burying ground. There was a large attendance of friends and members of the family and the floral tributes were many and very beautiful.

Mrs. Moore was greatly loved in the community in which she resided. She was possibly more than 65 years a member of the Presbyterian church and had reached the ripe old age of 81 years on April 25th last. Three children of adult years preceded her to the grave and there are now surviving three sons and two daughters, these being Mr. W. A. Moore, of Southport; Mr. C. H. Moore, of Goldsboro, and Mr. Geo. J. Moore, of Atkinson, with whom she lived; Mrs. Nathan O'Berry, of Goldsboro, and Mrs. A. L. Hubbard, of Fayetteville. These with more than 25 living grandchildren have the tenderest sympathy of all in the sorrow which has come to them. Especially was the devotion between Mrs. Moore and those grandchildren with whom she lived beautiful and to them especially is the bereavement very sad. In this home not only has she had every care and attention that affection could bestow but she lived there is an atmosphere of love, heceiving the tenderest ministrations of children, grandchildren, neighbors and friends.

The pall-bearers for the funeral yesterday afternoon were Messrs. W. R. Walker, J. A. Murphy, J. H. Colvin, J. A. Flynn, S. D. Kelly and D. J. Black.

BEAUTIFUL APPRECIATION.

Mr. Timothy Donlan Presented With Badge of Honor by Daughters.

While the Daughters of the Confederacy were making the Laurel Wreaths for Memorial Day at beautiful Oakdale cemetery yesterday afternoon, a beautiful and most touching incident occurred when the ladies called upon Mr. Timothy Donlan, the veteran superintendent of the beautiful place, and presented to him a beautiful token of their "sincere appreciation of his unfailing courtesy to them and his faithful service to their Confederate dead."

The gift was a badge of gold, an Irish cross with a laurel wreath engraved upon it, suspended from a bar on which is the word "Fidelis", and the dates, 1862-1910. On the reverse is the name, "Timothy Donlan", and "Presented by Cape Fear Chapter, U. D. C., May 10th, 1910." The presentation was by Mrs. Wm. M. Parsley, ex-president, whom the Chapter delights to call its mother. In acceptance Mr Donlan expressed with much feeling his deep appreciation of the gift, saying that his heart was too full to allow him to express all he felt, but as long as there was breath in his body, he would wear the badge with pride—that he had known personally most of the husbands and fathers of the Daughters of the Confederacy present and in his work passing through the cemetery, whenever he stood by their graves, a feeling of loyalty to them and of tenderness to those dear to them filled his heart.

Another New Clyde Liner.

The Clyde liner Delaware, Capt Hale, arrived yesterday from New York on her first trip to this port. She has been in the service of the company on the New York and Philadelphia line and is a little smaller than the Clyde liner Chippewa, which left here Saturday for New York. Capt. Hale, who runs to this port regularly, is in command of the steamer.

Pale Delicate Women and Girls.

The Old Standard GROVE'S TASTELESS CHILL TONIC, drives out malaria and builds up the system. For grown people and children, 50c.

KING'S DEATH A CALAMITY

Local British Society Pays Tribute to the Late Ruler of England and Adopts Suitable Resolutions. —Meeting Yesterday.

A meeting was held at 1 o'clock yesterday afternoon in the office of Mr. James Sprunt, British Vice Consul, under the auspices of the United Society of St. George and St. Andrew, at which feeling addresses were made and resolutions adopted deploring the death of King Edward VII. A message of condolence will be sent Queen Alexandra through Ambassador Bryce. The meeting was largely attended and very general regret was expressed upon the death of the King.

Mr. H. G. Smallbones was called to the chair and Mr. J. B. Brand acted as secretary. Mr. Smallbones paid an able tribute to King Edward, calling specail attention to some of his chief characteristics, and concluding by quoting an extract from an article in the New York Herald of last Saturday. Mr. Sprunt also spoke eulogistically of the King and expressed deep regret over his death. Mr. Sprunt and Messrs. John B. Quelch, H. E. O'Keef and H. G. Smallbones, chairman, were appointed as a committee to draft suitable resolutions, which were adopted as follows:

"The United Society of St. George and St. Andrew, comprising the British residents of the City of Wilmington, North Carolina, has met on this 9th of May, 1910, at the Vice Consulate, in deep sorrow, to record the sudden death of their beloved sovereign, King Edward VII., whose benign and peaceful reign has been a benediction to the civilized world, and whose demise is a calamity to the British Empire and to the other Great Powers to which his tactful, peaceful influence has extended. Himself non-partisan and law abiding, he ever sought, by wisdom, by prudence, by unflagging zeal, by truth and by righteousness, to promote the best interests of his subjects, and, through them, the universal happiness of mankind.

"After many expressions of profound sympathy with their beloved Queen Alexandra, with the other members of the Royal Family, and with their kin across the sea, whose deep affection for the King has been manifested by inexpressible emotions, it was resolved that a message of condolence be sent, through Ambassador Bryce, to Queen Alexandra, with the prayer that the blessing of God, which was so signally manifested in the reign of her august husband, may be extended through that of his illustrious son and successor, King George V."

A copy of the resolutions will be forwarded to Ambassador Bryce and through him to Queen Alexandra. Another meeting will be held in the near future under the auspices of the society and it is hoped that all the Britons in this section will attend. It would afford members of the committee much pleasure if strangers would make themselves known to Mr. John B. Quelch, No. 606 Walnut street.

ARMOUR CAR LINE OFFICIALS.

Official Visit to Strawberry Territory —Satisfactory Movement.

In the city Saturday, Sunday and yesterday were Mr. F. W. Ellis, vice president and general manager of the Armour Car Lines with headquarters in Chicago, and Mr. B. J. Christman, of Atlanta, general manager of the Southeastern territory of the great transportation and refrigeration company. They came on an official visit to look over conditions in the great strawberry belt and while in the city were entertained by Mr. J. A. Floyd, manager of the Wilmington offices of the company. They also called on Mr. R. A. Brand, general freight traffic manager of the Atlantic Coast Line; officials of the Independent Ice Company with whom they have contracts for the refrigeration of the thousands of cars handled out of the territory each season, and upon President Wm. E. Springer, of the East Carolina Truck and Fruit Growers' Association, which is such an important factor in the marketing of the great berry crop each season. Both the visiting officials of the car lines expressed themselves as well pleased with the handling of the present crop, stating that it was possibly the most satisfactory movement they had ever undertaken in this territory. The gentlemen were well pleased with their visit and expressed their confidence in the future of the trucking industry in this section. They left yesterday afternoon via Seaboard Air Line for Norfolk, Va., and will later return to their respective headquarters.

FEDERAL COURT TODAY.

Judge Boyd and District Attorney Seawell Arrived Last Night.

The regular May term of United States Court will convene in this city this morning with Judge Jas. E. Boyd, of Greensboro, presiding, in place of Judge H. G. Connor, of the Eastern District, who is engaged elsewhere. Judge Boyd, accompanied by his private secretary, Mr. E. B. Wells, and District Attorney H. F. Seawell, of Carthage, arrived in the city last night and are guests at The Orton. This is District Attorney Seawell's first visit to Wilmington since his appointment to the District Attorneyship.

IT SAVES YOU MONEY.

The special half price sale of Dr. Howard's specific for the cure of constipation and dyspepsia by J. Hicks Bunting Drug Co., means the saving of a few dollars on every family's yearly bill for medicines.

Mr. J. Hicks Bunting has so much faith in the superior merit of this medicine that he says: "If Dr. Howard's specific does not cure you, come back to our store and we will return your money."

This remedy is not an ordinary medicine. It is the favorite formula of a well known physician, and has the endorsement of hundreds of physicians of eminence in their profession, who prescribe it in all cases of constipation, dyspepsia or liver trouble, knowing from experience that it will make a complete and lasting cure.

SUCCESSOR TO CAPT. HANBY

Mr. D. J. Fergus Elected Member of County Board of Education—Qualifies and Takes Oath—School Matters.

The County Board of Education in regular monthly session at the Court House for two hours yesterday afternoon elected Mr. D. J. Fergus, a well known and public spirited citizen of the county, as a member of the board to fill the unexpired term of the late Capt. John H. Hanby; heard a statement from Mr. J. J. Blair relative to the urgent necessity for enlargements and improvements of the High School building; discussed informally the matter of increasing the school facilities for the children in the outlying districts of the city; audited the books of County Treasurer H. McL. Green as they have to do with the school fund, and discussed other matters of importance relative to plans for the next school year. Adjournment was taken at 6 o'clock until Monday afternoon, May 23rd, when the matters under discussion will be more fully considered.

The board met at 4 o'clock with Chairman J. O. Carr, presiding, Mr. W. H. Sprunt, member of the board; Prof. Washington Catlett, county superintendent, and Mr. H. McL. Green, treasurer, in attendance. After informally discussing the matter of a successor to Capt. John H. Hanby, whose untimely death occurred since the last meeting of the board, it was decided to tender the office to Mr. D. J. Fergus and accordingly he was telephoned to come to the meeting. Pending his arrival the accounts of Treasurer Green were audited and approved.

Messrs. Carr and Sprunt expressed their great personal loss in the untimely death of their associate on the board, Capt. John H. Hanby, and declared that his death was a great loss to the cause of education in New Hanover county. Mention was made of the great service he performed in the interest of education the few brief months that he was a member of the board, especially his work in superintending the erection of new school buildings and the repairing of old ones It was ordered that a page of the minutes be dedicated to his memory and that the secretary be requested to write a letter to the family expressing the sympathy of the members of the board in their great affliction.

When Mr. Fergus arrived Mr. Carr explained that it was necessary to elect a new member of the board to fill the unexpired term of Captain Hanby and that after a conference it had been decided to elect him provided he would accept the office. Mr. Fergus replied that he was always willing to serve the public in whatever capacity he could and that if the members of the board desired his services he would gladly accept the office. Deputy Clerk of Superior Court W. N. Harriss was sent for and Mr. Fergus qualified and took the oath of office.

Chairman Carr stated that in view of contemplated improvements and enlargement of the High School building he had asked Mr. J. J. Blair to appear before the board and give any information he might have upon the matter. He said that no action could be taken now, but members of the board could be thinking over the matter so when it came up for consideration they would be in position to act. Mr. Blair presented a rough draft of the plans for the improvement and made the following statement:

"To the School Committees and County Board of Education,

"Gentlemen:—In accordance with your request, I take pleasure in furnishing you with the following information with regard to the increasing of our school facilities and the benefit to be derived from the same by enlarging the High School building.

"A statement with regard to the number of pupils to be accommodated next year will be of interest: Number of former pupils who will return, 260; number of eighth grade pupils from Union, 76; number of eighth grade pupils from Hemenway, 40; number expected from county, 14; a total of 390. Capacity of present building, 300; number to be provided for by present arrangement or enough to fill two more rooms, 90.

"According to the plan of combining three grades (7th, 8th and freshman) into two by extending the school term to nine months instead of eight, thus enabling the same amount of work to be accomplished in 11 years, as is now done in 12, the following arrangement could at this time be put into effect: To the freshman class of 116 to be promoted in June and 44 of the oldest and most capable pupils from those promoted to the eighth grade, thus forming four freshman classes, averaging 40 students each. Then transfer in the new building the rest of this class of 1911, which will number 91 from the Union and 95 from the Hemenway or 190. These could be accommodated in four rooms and designated as 'Sub-Freshmen.'

"The sixth grade in the grammar schools could then occupy the highest rooms, and enable more children to be taken in the primary grades, thus relieving the congestion in the Union and Hemenway schools.

"This would make a total enrollment in the High School plan of 580 pupils. An addition of only four more teachers to the present corps would be required.

"There are certain reasons why this work should be done at once. Among them are the following.

"1. The seats and desks in the grammar schools are not large enough for the eighth grade pupils.

"2. When the eighth grade are taken from the grammar schools, the crowded condition of the primary classes will be relieved and more room made for small children who live in the northern and soutnern sections of the city.

"3. The assembly hall at the High School is greatly needed, particularly for debates, recitals and lectures, which constitutes an important feature of the school work.

"4. A model building of fire proof or slow burning construction is needed.

"5. The present building and equipment is totally inadequate to present needs.

"6. During the last four years of their school life, the children are entitled to the best the city can afford in the way of sanitation, ventilation, and all that tends for physical comfort and attractive environment.

"7. The present building and grounds, worth at least $50,000, was a gift to the city, and certainly no one could reasonably object to the expending of an equal amount for the purpose of enlarging and beautifying the school, which stands at the head of Wilmington's educational system.

"8. It should be borne in mind, too, that the building is for the future, as well as the present, and in accordance with this idea, the design should be pleasing and artistic, the material of a permanent nature, and the construction fire proof and substantial."

The information was ordered filed for future use.

Chairman Carr stated that a petition had been filed by residents of Winter Park Gardens asking for the establishment of a school in that section. There are, according to the petition, 28 children in that immediate section of school age. The petition was ordered filed and the matter will be taken up at the June meeting.

Mr. Sprunt brought up the matter of establishing a school in the southern section of the city, stating that there was a great demand for it. There is also a demand for a school in the northern section of the city. Mr. Sprunt and other members of the board emphasized the fact that ample provision will be made for the children living in the outlying sections of the city, and for the purpose of more fully considering this matter and the question of enlargement of the High School building and also for the consideration of other matters the board decided to hold an adjourned meeting at 4 o'clock on the afternoon of May 23rd, when members of the city school committees will be invited to be present.

Mr. Blair invited the board to visit the Union school Thursday morning and Hemenway school on the following Wednesday. The invitation was accepted. The city school committeemen will also be invited to visit the schools on these dates.

BAPTISTS TO BALTIMORE.

Wilmington Delegation Leaves Today to Attend Convention.

Delegates and others from the Wilmington Baptist Association will leave this morning for Baltimore, where they will attend the Southern Baptist Convention, which convenes in annual session tomorrow morning.

Those who go from this district today are Rev. and Mrs. C. F. Whitlock, Rev. and Mrs. G. A. Martin, Miss Julia Yopp, Messrs. R. E. Blake and W. C. Peterson, of this city; Rev. J. A. Bryson, of Funston, and Rev. W. B. Rivenbark of Teacheys.

The delegation from here will go to Norfolk, where they take the Old Dominion line for Baltimore, arriving Wednesday morning and after the Baptist convention they will proceed to Washington, where they will be present at a national Sunday School convention.

It is expected that the attendance will be unusally large this year, largely on account of the place of meeting. About 3,000 delegates are usually named to attend the convention and out of this number some 2,000 are present. The secretary of the State Mission Board appoints the delegates and each association is given the privilege of selecting one. A number of matters of much importance to the Baptist churches of the South will be presented for consideration.

Real Estate Transfers.

Deeds were filed for record yesterday as follows: Martin Schnibben and wife to John H. Hill and wife, for $500 and other considerations, lot on east side of Seventh, 99 feet south of Campbell, 33x82 1-2 feet in size; Thomas Lossen and wife to John Underwood and wife, for $10 and other considerations, lot on south side of Meares, 33 feet west of 15th street, 33x99 feet in size; W. I. Gore, of Montgomery, Ala., to Cuthbert Martin, for $250, all of his interest in a lot adjoining property of the Nixon estate and the Jacobi Hardware Co. and others; D. N. Chadwick, Jr., to W. Van-Hardin, for $10 and other considerations, lots 21 and 22 Winter Park Heights; D. N. Chadwick, Jr., to E. C. Oakley, for $21, lot 16 of Winter Park Heights, fronting 50 feet on Peachtree street, with 155 feet depth.

At the Bijou Today.

"A Victim of Bridge," a society drama, is the title of the feature picture at the Bijou today. The story is simple, but strongly dramatic. The action reproduces the customs of what is supposed to be America's most exclusive society, and affords opportunity for displaying some of the most exquisite gowns that motion pictures have ever shown. The picture will be seen with interest by Bijou patrons.

HAPPY RESIDENT OF THE SUNFLOWER STATE

Mrs. Helen A. Mauer, whose likeness is reproduced herewith, is a resident of Hays City, Kan., and about the happiest woman in the Sunflower State. Mrs. Mauer has recently regained her health after a long period of illness, in appreciation of which she has given a statement for publication, as follows:

"For eight years I suffered from stomach and kidney trouble, from which I was unable to obtain relief. I treated with several doctors and tried many advertised remedies, with disappointing results. My health declined until I became a physical wreck with my vitality exhausted and my nervous system broken down.

"My husband, becoming impressed with an advertisement of the Cooper remedies, proposed that I try Cooper's New Discovery. I had lost faith in everything, but consented to do so. Much to my surprise it helped me, and I began to improve from the day I took the first dose.

"Now, after having taken the full treatment, I feel like a different woman—no more headaches, backache or dizziness. I am strong and well That tired feeling is completely gone, and a pain I have had in my stomach for the past six months has disappeared. Cooper's New Discovery is simply wonderful."

We sell Cooper's New Discovery. Thousands of grateful people throughout the country have testified to its marvelous curative properties. Let us explain to you the nature of this remarkable stomach preparation.—J. H. Hardin.

THE BRIDGE HEARING.

Tomorrow Before Capt. Earl I. Brown —Boat Men Interested.

Interest is being manifested in shipping circles of the port in the hearing set for tomorrow at 10 o'clock at the Chamber of Commerce, on the question of widening the draws in Hilton and Navassa bridges, which will be before Capt. Earl I. Brown, Corps of Engineers, U. S. A.

All parties who are interested in the matter have been notified of the hearing and are expected to appear tomorrow to submit testimony. The matter of providing better draws to accommodate the large vessels without endangering them has been agitated for some time. Testimony will be submitted for both sides and Capt. Brown will send his report with recommendations to the Department for further action.

Narrow Escape From Drowning.

A colored painter, at work on the stern of the steamer Wilmington, had a narrow escape from drowning yesterday morning at 10 o'clock when the boat started on its trip to Southport. When the boat turned, the scaffold, on which the negro was at work, struck the wharf, precipitating him to the water, where he struggled desperately. A small launch was lying between the Wilmington and the revenue cutter and those aboard threw a piece of canvas to the negro and he was pulled ashore. He did not suffer any ill-effects from his dangerous experience.

Some of Its Advantages

In addition to its excellent facilities, this bank has the advantage of the long and successful banking experience of its officers, the recognized integrity and sound judgment of its Board of Directors, and a strong body of stockholders, whose standing and responsibility gives to Wilmington a financial institution second to none in the South, from the standpoint of FINANCIAL STRENGTH and GOOD MANAGEMENT.

If not already a depositor, we invite you to become one.

The State convention of the King's Daughters will convene in Rockingham tonight for a three days' session. The following delegates from the Whatsoever Circle, of this city, will leave this afternoon to attend: Mrs. James Howard, chairman; Mesdames Walter Webb, Albert Stuart, Joseph Hanby and Miss Alice Brooks. They expect to return to the city Friday.

MEMORIAL DAY EXERCISES.

Wilmington Will Honor Memory of the Departed Heroes.

All Wilmington will join, in spirit if not in person, the United Daughters of the Confederacy and the United Confederate Veterans in honoring the memory of the departed heroes of the war between the States with appropriate exercises in the Confederate lot at Oakdale cemetery this afternoon. The programme was announced in full in Sunday's Star. The procession will form at the lodge promptly at 4:30 o'clock and proceed to the Confederate lot, where the very interesting exercises will take place. The orator of the occasion is Capt. Thos. D. Meares, who will be presented by Dr. A. M. Baldwin, the chief marshal. Cape Fear Camp, Confederate Veterans, and visiting veterans, and the W. L. I. are called by their respective commanders to meet at the W. L. I. armory at 3 o'clock this afternoon for the purpose of attending the exercises. Members of Cape Fear Chapter, United Daughters of the Confederacy, visited the cemetery yesterday and aided in the pleasant task of preparing the wreaths to be placed upon the graves of the departed veterans.

Today is a State holiday and the banks and the county and other public offices will be closed.

VISITING MINISTERS.

Rev. W. L. Boggs at First Presbyterian; Rev. J. A. McGeachy.

In the absence of Rev. J. M. Wells, D. D., pastor of the First Presbyterian Church, who went to Dallas, Texas, to preach, and Rev. A. D. McClure, D. D., pastor of St. Andrew's Presbyterian Church, who is away attending the great National Laymen's Congress in Chicago and visiting the scenes of his boyhood in Tennessee, the pulpits of those churches were filled on the Sabbath by visiting ministers, Rev. W. L. Boggs, of the staff of the Presbyterian Standard, at the First Church, and Rev. D. P. McGeachy, of Lenoir, N. C., at St. Andrew's. Both were heard by large congregations, who were delighted with the sermons and with the visitors.

Beginning next Sunday and continuing each night during the week at the First Presbyterian Church the Rev. G. B. Strickler, D. D., possibly one of the most profound theologians in the Southern Presbyterian Church, will begin a series of doctrinal sermons which all are invited to hear. Dr. Strickler has been heard in Wilmington before and his return is being awaited with pleasure by many friends and admirers.

SEVERE ELECTRICAL STORM.

Accompanied by Heavy Rainfall—House Struck by Lightning.

During the severe electrical storm which visited this city Sunday night, accompanied by a heavy rainfall, the house of Mr. Thos. P. Hammer, at Carolina Heights, was struck by lightning, but not damaged to any considerable extent. The storm was the severest that has visited this city in some months and continued almost unabated from 10 o'clock in the evening until 2 o'clock yesterday morning. Heavy clouds began to gather and lightning began to flash early in the evening and about 10 o'clock the storm came in all its fury. The wind was high, but did no damage. The rainfall was indeed heavy. According to the local bureau the precipitation for 21 hours was 2.39 inches and practically all the rainfall was during the progress of the storm Sunday night. The rains seem to have been general in the Wilmington district and heaviest at Newbern where 5.35 inches were recorded, Goldsboro had two inches and Lumberton next highest 1.56 inches.

BLADEN STREET REVIVAL.

Ser... Continue This Week With Increased Interest.

With increased interest and a congregation that filled nearly every seat in the edifice, the second week of the Bladen Street Methodist Church revival began last night, Rev. Dr. L. L. Nash, of Greensboro, preaching a strikingly powerful sermon on "The Wise and Foolish Virgin." There were many requests for prayer at the conclusion of the sermon. Services will be held every night this week at 8 o'clock, preceded by a 15 minutes' song service. The public cordially invited to attend.

FRED BONITZ, ESQ., IN RACE

Announced Yesterday for the State Senate—Registration Books Open County Board of Elections Meets—Other Notes.

Fred W. Bonitz, Esq., a prominent young member of the local bar and alderman from the Second Ward in this city, announced yesterday that he is an aspirant for the nomination for the State Senate to represent New Hanover and Brunswick counties in the next General Assembly, a move that he has had under consideration for several months. The announcement did not create any surprise among his friends for they were pretty well convinced some time ago that he would ask for the nomination.

However, his announcement complicates the situation somewhat, as it opens up the old question of any agreement that may have heretofore existed or been abrogated by which New Hanover and Brunswick alternately named the man. Mr. Bonitz is an able young lawyer and will have strong support of many friends in both counties. He is opposing Geo. H. Bellamy, Esq., who has been announced for several weeks by his friends in the two counties.

The Democratic primary for the nomination of county and legislative offices will be held next Wednesday and the remaining days will probably be busy ones for the candidates for the several offices. The registration books opened yesterday morning and will be open the remainder of the week for a revision of the registration. The books show a registration of 4,285, divided as follows: First ward, 628; Second ward, 654; Third ward, 649; Fifth ward 1,053; Masonboro township, 109; Cape Fear township, 97; Federal Point township, 34; Harnett township, Delgado, 213; Harnett township, seven-mile post, 90.

There are many on the registration books who have moved away, a number who are dead and some Republicans, including as it does everybody that registered in the last general county elections for some years past. There are many in Wilmington whose names do not appear on the books, and it is for recording these and revising the list that the books are open this week.

Those who have removed from one ward or precinct to the another should see that their names are transferred properly, and those who have never registered in this county and intend to vote in the coming primary should see that their names are on the books.

The County Board of Elections held a meeting at 7:30 o'clock yesterday morning. Those present were Mr. W. A. French, chairman, and Mr. William Struthers, Jr., Marsden Bellamy, Esq., appointed some days ago to fill the vacancy caused by the resignation of Woodus Kellum, Esq., has not yet qualified, being somewhat in doubt as to the propriety of his serving on the board and holding the office of County Attorney at the same time. The board decided to change two of the registration and polling places, as follows: Fourth ward from Consumers' Ice Company's offices to the Schloss Stables, next door, on Dock street, and in the Fifth ward from the engine house to the Fifth ward market, upstairs. Mr. H. K. Nash could not serve as registrar in Fifth ward, being absent from the city during the period, and Mr. Archie King was named in his place, and in place of Mr. Henry Horne, aspirant for the nomination for Register of Deeds, Mr. John A. Farrar was named as registrar in Masonboro township.

The names of the registrars and the polling places are known to the voters of the county, having been advertised in the papers for the past 20 days. The registration books will be open all the week and in the city will open at 8 P. M. and close at 6 P. M.

SUIT AGAINST COAST LINE.

Complaints in Actions Aggregating $30,000 Filed Yesterday.

Mr. Kato J. Cumming and wife have brought in Superior Court here suits against the Atlantic Coast Line for alleged damages aggregating $30,000 on account of an accident to Mrs. Cumming at Currie, November 5th, 1907, and the complaints were filed yesterday morning. The action entitled Kato J. Cumming and wife is for $20,000 and the other, entitled Kato J. Cumming, is for $10,000. The material allegations in the complaints are the same. It is alleged that on November 5th, 1907, she left Wilmington to go to Currie and that when the train stopped she started to disembark. While standing on the bottom step and in the act of lifting her son to the ground the train suddenly moved, throwing Mrs. Cumming violently to the ground, it is set out. It is further alleged that she received permanent injuries which caused extreme suffering. The husband sues for physician's fees, etc., and also for damages for injuries alleged to have been received by his wife. Ex-Judge E. K. Bryan and Thos. D Meares, Esq., represent the plaintiff.

Celebrated Eightieth Year.

Mr. Alfred Carpenter, one of Wilmington's most highly esteemed citizens, celebrated his 80th birthday yesterday. Many friends called during the day and extended to him their congratulations and expressed the hope that he would live many years yet. Mr. Carpenter is a very vigorous and active man for his age, and left last night for Jersey Shore, Pa., to visit his brother, Mr. William F. Carpenter.

SINGING CLASS IS COMING

Children From Oxford Orphanage Will Give Recital in Wilmington Wednesday Night, May 25th. Committees.

The pleasing announcement was made yesterday by local members of the Masonic order of the engagement of the Oxford Orphanage's Singing Class to give a concert in the Academy of Music Thursday evening, May 25th, beginning at 8:30 o'clock. The class has visited Wilmington several times and the concerts are always largely attended. This year the class is composed of ten girls and four boys, who will be accompanied by their teacher and a Mason.

The following constitute the local committee in charge of arrangements for the concert: Capt. W. P. Oldham, W. G. Sale, Dr. W. D. MacMillan, H. G. Smallbones, I. W. Solomon, Edwin Metts and E. E. David. This committee held an enthusiastic meeting last night and decided to give a prize of $10 in gold to the boy or girl selling the largest number of tickets for the concert. Any child selling as many as five tickets will be given a complimentary ticket to the concert. The tickets may be procured from Mr. I. W. Solomon at Solomon's Shoe Store, on South Front street, and any boy and girl desiring to enter the contest is invited to call upon Mr. Solomon, who will be glad to provide tickets—just as many as desired. This plan was adopted by the committee because the Masons are anxious for the children of Wilmington to meet the children from the Masonic Home. They realize that the children of today are the men and women of tomorrow and they desire to interest the young people of Wilmington in this noble work. It is hoped that a large number of boys and girls of the city will enter the contest.

The class will appear in Wilmington under the auspices of the local lodges, who desire that the attendance be very large. These tours are annually conducted to afford genuine pleasure and to bring substantial benefit to the people, to impress more strongly upon them the great importance of effort for homeless children, to inspire increased activity in behalf of the orphanages and all benevolent enterprises, to promote growth of the great Masonic order, to obtain funds for the maintenance and improvement of this work for childhood, a work of immeasurable worth. The children will receive a warm welcome to Wilmington and will be greeted by a large audience at the Academy of Music.

AUTO TRIP IN MOUNTAINS.

Much Local Interest in Proposed Trip of Autoists—Linville.

There is much local interest in the proposed trip of a number of automobilists from Chester, S. C., to Edgemont, N. C., starting tomorrow. The itinerary covers more than 100 miles of roadway in the Blue Ridge mountains and the autoists will visit Linville, developed and operated by Wilmington capital, on their journey. Mr. Howard A. Banks, of Hickory, is chairman of the committee on arrangements. Capt. Donald MacRae, of this city, a member of the committee, yesterday morning sent to Mr. Banks the following self-explanatory telegram:

"Wilmington, N. C., May 9, 1910.

"Mr. Howard A. Banks, Chairman Committee on Arrangements, Auto-Mountain Pike Trip, Hickory, N. C.

"Esceola Golf Club, Linville, offers silver cups, 'Winner' and 'Runner-up' eighteen hole Golf Tournament, May thirteenth and fourteenth. Linville Improvement Company offers silver cup and tool kit for best catch trout and largest trout caught by automobile owner who has his own car at Linville on dates scheduled your itinerary.

"DONALD MACRAE, President, "Esceola Golf Club and Linville Improvement Co."

There will be about 30 machines to participate in the trip which will begin May 11th and end May 16th. Ample plans have been made for the transportation of fuel, supplies, freight, etc. At various points along the line the automobile owners will be taken aboard freight trains. The party will arrive at Linville May 12th and will have supper at Esceola Inn.

The following day will be spent at Linville and an ascent of Grandfather Mountain will be made. The trip will be continued on May 14th and the party will Sunday at Blowing Rock. Monday the party will go to Edgemont, after which the return trip will be made. The trip is free of cost from the point where one reaches the trains provided for the purpose, except as to hotel accommodations at $1 per diem. Those who take the trip are expecting a most delightful outing.

The ads will show you whether or not there's a chance today to buy that piece of furniture at your price

In Arranging YOUR TRIP

you will do well to call and equip yourself with a book of TRAVELER'S CHEQUES. No bother as to safety or identification, and these cheques are honored by hotels and banks the world over. We also sell drafts direct on all foreign points.

THE SOUTHERN NATIONAL BANK

PERSONAL PARAGRAPHS.

—Mr. H. L. Graham, of Goldsboro, spent Sunday here with friends.

—Mr. E. E. Murphy, of Atkinson, N. C., is in the city attending the United States Court as a juror at the present term.

—Mr. L. G. Jordan, one of the popular night clerks at the postoffice, is visiting relatives and friends at Burlington, Graham and Mebane.

—Many friends will regret to learn of the serious illness of Mrs. J. J. Furlong, at her home, No. 706 Chesnut street. Her condition was somewhat improved yesterday, however.

—Dr. W. J. H. Bellamy has returned to the city, after a visit to Atlantic City and Washington, D. C. At the latter place he attended the annual meeting of the National Congress of Physicians and Surgeons.

—Among the guests at The Orton yesterday were: D. C. Downing, Fayetteville; J. B. Holland, Dunn; Mrs. Edwards, Fort Caswell; A. M. Lindau, Greensboro; N. J. Crooker, Burgaw; E. C. Oakley, Greensboro; E. J. Hill, Warsaw.

—Mr. W. A. Moore, of Southport, and Capt. Nathan O'Berry, of Goldsboro, were in the city last night returning from Atkinson, N. C., where they attended the funeral of Mrs. E. A. Moore, whose sad death occurred Sunday.

—Friends of Mr. and Mrs. C. M. Robinson will be pained to learn of the serious illness of their infant son at 314 North Second streets. While the little one's life is despaired of, it is hoped the young parents will be spared the anguish which the loss of their only child will bring them.

LOCAL DOTS.

—Memorial Day being a State holiday all the Court House offices will be closed today.

—The British steamer Murcia, Capt. Kirton, arrived Sunday from New York to receive cargo of cross-ties from Mr. L. J. Merriman for Panama. She was docked at Point Peter yesterday, where she began loading. The vessel is to C. D. Mallitt.

—It has been unusually quiet in police circles during the past few days. There were only three cases on the Recorder's docket yesterday morning. Fred Nelson, a sailor, was let off upon payment of costs for simple assault and two drunks were required to pay the costs.

—A lively fight took place on Princess, between Front and Second streets, about 3:30 o'clock Sunday morning, but the police, who were on the scene immediately afterward, have been unable to secure enough information to base a charge against the combatants. Those who participated are unwilling to make a statement and the witnesses are reticent in discussing the matter with officers.

First Meeting Last Night.

The religious committee of the Boys' Brigade, Mrs. James A. Price, chairman, has organized another Bible class in the institution, the first meeting of which was held last night at 7:15 o'clock. The class was addressed by Rev. K. D. Holmes, pastor of Fifth Street Methodist church. The class will meet every Monday night. Supper is served the members in the dining room, following which a meeting for study is held. The class has a large membership with bright prospects for an increase in the near future.

Funeral of Mrs. Cooker.

The funeral of Mrs. Rebecca Cooker, whose death occurred Saturday, was held Sunday afternoon at 3 o'clock from the home of her son, Mr. J. A. Cooker, No. 416 Queen street, conducted by Rev. K. D. Holmes, pastor of Fifth Street Methodist church. The interment was in Oakdale cemetery. The pall-bearers were: Messrs. G. D. Bradshaw, A. T. Parker, C. H. Batson and H. M. Register.

'FRISCO AFTER THE FAIR.

Will Raise Ten Million for Panama Exposition—Fight.

New York, May 9.—San Francisco will raise $10,000,000 to secure the Panama Canal Fair, Gov. James N. Gillet, of California, declared today, in expiating on the advantages of his State for the Panama-Pacific International Exposition of 1915 to celebrate the opening of the great waterways. San Francisco, he said, already had subscribed $5,000,000 towards the exposition.

Gov. Gillett is here with Mayor McCarthy, of San Francisco, and a delegation of representative Californians in behalf of San Francisco's desire to secure the exposition.

"What are you going to do about the Jeffries-Johnson fight?" was asked the governor.

"It isn't up to me to do anything," answered. "There is a law in California prohibiting prize fighting, but it contains a clause permitting athletic clubs to hold boxing matches, with the consent of the proper county authorities, providing that the number of rounds is limited and that the contestants are examined by physicians before hand.

"This is what they say they are going to have and no one knows anything to the contrary."

Washington, May 9.—Representative Kahn, of California, today introduced a joint resolution in the House authorizing the President to invite foreign countries to participate in an international exposition to be held at San Francisco in 1915 to commemorate the opening of the Panama canal and the 400th anniversary of the discovery of the Pacific ocean. The resolution provides for no Congressional appropriation and say the President may extend the invitation to foreign lands whenever it is shows to his satisfaction that a suitable site has been selected in San Francisco and five million dollars in stock subscribed. It was referred to the Committee on Foreign Affairs.

Tokio, May 9.—The International Press Association of Japan today adopted a resolution expressing its "profound sense of loss to the whole world, especially to Japan, through the decease of his illustrious majesty, King Edward, the peacemakers of nations. The city is in deep mourning for King Edward. The electric cars are flying the Union Jack and the Rising Sun crossed and bound with crepe.

A REAL TONIC

S. S. S. & BLOOD PURIFIER

Any system that needs a tonic needs also a blood purifier, for it is the weakened and impure condition of the circulation that is responsible for the run-down state of health. We have only to recognize the importance of pure, rich blood in preserving health, to realize the danger of a weakened or impure circulation. Deficient blood nutriment weakens the system, and it can not resist disease like a strong robust constitution. First the body has a worn-out feeling, the appetite is fickle, energy begins to flag, the digestion is bad, etc. If the condition is not corrected at this stage more serious results are sure to follow, and sometimes a long debilitating spell of sickness is the result. S. S. S. is Nature's tonic, made of roots, herbs and barks. It is not a nerve stimulant, but a medicine that steadily builds up every portion of the system by cleansing and enriching the blood, and in this way supplying an increased amount of nourishment and resistive powers to every portion of the body. S. S. S. quiets the overstrained nerves, improves the appetite, tones up the stomach and digestion, and thoroughly enriches and purifies the blood. S. S. S. is a real tonic because it is a real blood purifier. S. S. S. contains no harmful mineral and persons of all ages can use it with the same beneficial results. Be sure to get S. S. S. for your tonic this year do not accept anything in place of it; there is nothing else "just as good" as S. S. S. You will find it all that is claimed for it.

Wears 30 days longer than any other shoe at the same price.

This Craddock, Patent Colt, Blucher Oxford on our Virginia Last is very graceful and stylish. Craddock Oxfords do not slip at the heel. We make a full line of "Terry Special" grade Oxfords in all leathers on this last to retail at $5.00. They equal the best custom, bench-made shoes.

Craddock Oxfords Are Ankle Fits

An Oxford that bulges and gapes at the ankle every step you take is an abomination, yet most Oxfords—even the high priced goods—fail at this point. Craddock Oxfords are made with a substantial, comfortable heel seat. The heel hugs closely and the quarter fits snug at both sides.

The CRADDOCK SHOE

$3.50 All Leathers $4.00

is carefully designed to give perfect service; high cuts and low cuts are cut from separate patterns in all parts. That is why every Craddock Shoe gives such a perfect fit.

We combine the best leather and the truest ideas of style over the most carefully designed foot-form lasts into the very finest shoe that was ever built to sell for $3.50 and $4.00.

Craddock Shoes are for sale in your town. Next time you need shoes look them up and let our dealer give your feet a careful Craddock fit.

TALLOW—Firm at 4 1-2c per pound.

SWEET POTATOES—Good demand 80c. 4 1-2c per pound on foot.

HIDES—Dry, flint 14c; green 9c per pound

SWEET POTATOES—Good demand 65c per bushel for yams.

WOOL—Burr 18c.; free of burr 24c.

GEESE—50@55c per head.

PORK—Small corn fed 10; large 9c., owing to quality.

SHEEP—No sales.

LAMBS—Good demand $1.50 to $3.00.

PEAS—White black eyes $2.25 and $2.50; lady fingers $2.75; clay and cow peas $1.65, dull.

THE COTTON MARKET.

New York, May 9.—The cotton market had a sharp advance today as a result of active covering by old crop shorts and closed firm at a gain of 6 to 19 points as compared with Friday. The opening was steady at an advance of 1 to 7 points in response to better cables than due, a little bull support and covering which was apparently inspired by an idea that the showing of the Liverpool market including large spot sales would not have much effect on Manchester trade conditions. Prices sagged off a little, after the opening on somewhat reassuring private reports concerning the early crop outlook and realizing, but the weather map showed no material relief from drought conditions in the southwest, the forecast was for continued dry weather and it was anticipated that the weekly report of the weather bureau would make bullish reading. The restricted selling of the new crop months and demand in the afternoon, the market turned firm on a scare of near months shorts who found very little cotton for sale until May contracts reached 15.12 and July 14.97 to 20 to 21 points net higher in the late trading. The later positions responded only partly to the advance in the old crops, but the general market closed firm and within a point or two of the best. The bull leaders seemed to be selling May and July on the advance, but to be buying October while near month shorts who were covering sold later positions. Southern markets officially were 1-8 to 1-4c higher and the talk of a firmer spot situation, together with the larger exports for the day, and rumors of large shipments in the near future from the local stock probably help the near month advance in the late trading. The British board of trade statement was considered favorable as to the Lancashire situation, but reviews of the domestic trade in cotton goods show little or no improvement. A Georgia crop expert estimates that the recent cold snap necessitated re-placing over 25 per cent. of an area producing about 1,500,000 bales in the State of Mississippi, Louisiana and Alabama.

Receipts at the ports today were 7,028 bales against 7,237 last week and 13,275 last year. For the week 45,000 bales against 52,973 last week and 99,119 last year. Today's receipts at New Orleans were 2,870 bales against 4,788 last year.

Spot closed quiet 25 points higher; middling uplands 15.50; middling gulf 15.75; sales were 11,100 shares.

Month.	Open.	High.	Low.	Clos.
May	14.93	15.12	14.95	15.10
June		15.00	15.00	15.02
July	14.98	14.97	14.97	14.59

January	12.52	12.58	12.51	12.58

THE COTTON MARKET.

Good Rains Except in Southwest Texas. Renewed Activity By Bulls.

(Special Star Correspondence.)

New York, May 9.—With good advices from Liverpool the market opened at an advance on the old crop deliveries and a better feeling throughout the list, but the demand was local and soon ceased though prices were well held. Good rains have relieved the situation in the South except in southwest Texas. Renewed activity by the bull leaders advanced May and July deliveries sharply. The hold on these positions seems complete and prevents any weakness in the later months. Later in the day the advance continued under the buying activity and purchases of October were extensively made.

HUBBARD BROS & CO.

LIVERPOOL COTTON MARKET

Liverpool, May 9.—Spot, good demand, prices moderate 4 points higher. American middling fair 8.43; good middling 8.13; middling 7.99; low middling 7.89; good ordinary 7.63; ordinary 7.38. The sales of the day were 12,000 which 500 were for speculation and export and included 11,800 American. Receipts 15,000 including 4,400 American. Futures opened steady and closed steady. May 7.74; May and June 7.69 1-2; June and July 7.65 1-2; July and August 7.60; August and September 7.34; September and October 6.93; October and November 6.75 1-2; November and December 6.68; December and January 6.66; January and February 6.64 1-2; February and March 6.63; March and April 6.61 1-2.

PORT MOVEMENT.

Galveston—Steady, 14 3-4; net receipts 1,309; gross receipts 1,309; stock 54,326; Great Britain 7,214; continent 12,756; coastwise 2,039.

New Orleans—Firm, 14 5-8; net receipts 2,870; gross receipts 2,870; sales 1,015; stock 84,420.

Mobile—Firm, 14 9-16; net receipts 57; gross receipts 57; sales 400; stock 20,345; coastwise 50.

Savannah—Steady, 14 1-2; net receipts 522; gross receipts 522; sales 50; stock 57,773; coastwise 1,764.

Charleston—Firm, 14 3-8; net receipts 18; gross receipts 18; stock 6,884; coastwise 1,042.

Wilmington—Quiet, 14 3-8; net receipts 21; gross receipts 21; stock 12,841.

Norfolk—Firm, 14 7-8; net receipts 2,039; gross receipts 2,039; sales 501; stock 19,128; coastwise 2,136.

Baltimore—Nominal, 15 1-8; stock 6,735.

New York—Quiet, 15.50; gross receipts 3,041; sales 1,140; stock 253,595; coastwise 250.

Boston—Quiet, 15.50; net receipts 3; gross receipts 330; stock 7,332; Great Britain 999.

Philadelphia—Steady, 15.75. 1,261.

Pensacola—Net receipts 189; gross receipts 189; continent 189.

Total today, at all ports, net receipts 7,628; Great Britain 8,163; Continent 13,195; stock 566,408.

Consolidated, at all ports, net receipts 12,767; Great Britain 15,262; France 1,368; Continent 14,480.

Total since September 1st, at all ports, net receipts 6,819,866; Great Britain 2,054,583; France 1,836,868; Continent 2,340,116; Japan 81,301; Mexico 13,819.

INTERIOR MOVEMENT.

Houston—Steady, 14 3-4; net receipts 963; gross receipts 963; shipments 667; stock 38,867.

Augusta—Quiet, 14 3-4; net receipts 41; gross receipts 41; shipments 250; sales 4; stock 28,474.

Memphis—Steady, 14 7-8; net receipts 70; gross receipts 2,203; shipments 2,872; sales 950; stock 72,281.

St. Louis—Quiet, 14 1-4; net receipts 18; gross receipts 722; shipments 1,159; sales 400; stock 33,201.

Cincinnati—Net receipts 279; gross receipts 279; shipments 107; stock 13,832.

Little Rock—Quiet, 14 1-8; net receipts 326; gross receipts 326; shipments 183; stock 28,852.

Louisville—Firm, 15.

Total today—Net receipts 1,697; gross receipts 4,554; shipments 5,298; sales 1,554; stock 215,598.

THE DRY GOODS MARKET.

New York, May 9.—Carpet and rug prices for the new season were announced today. Axminster rugs are about 5 cents lower and piece goods from 7 to 15c higher than the opening prices of last season.

The cotton goods market was quiet for the day with low prices ruling. Jobbers are doing a steady advance business but a very little business for immediate shipment. Dress goods are very quiet.

NEW YORK PRODUCE MARKET.

New York, May 9.—Flour quiet and steady.

Corn Meal—Steady.

Wheat—Dull; No. 2 red 1.16 clf; No. 1 northern 1.20 3-4 opening navigation. Options closed at 1 to 1 3-4c net decline. May 1.17; July 1.11 1-2; September 1.08 5-8.

Corn—Firm; No. 2, 69 1-2 elevator; domestic basis. Options closed unchanged to 1-2c net lower. May 69 1-2; July 71 3-4; September 70 1-4.

Oats—Steady; mixed nominal. Options closed nominal.

Lard—Firm.

Tallow—Steady.

Petroleum—Steady.

Rice—Steady.

Molasses—Quiet.

Sugar—Raw firm; refined steady.

Coffee—Futures closed steady at a net loss of 5 to 7 points. Spot quiet; Rio No. 7, 8 3-8; Santos No. 4, 9 3-4; mild quiet; Cordova 9 1-4 to 12 1-4.

Butter—Steady at the decline. Creamery specials per pound 29; extras 29; thirds to first 25 to 27 1-2; old 23 to 26; State dairy finest 27 1-2 to 28; common to firm 23 to 23 1-2; process specials 26; seconds to extras 22 to 25; factory seconds to firsts 21 1-2 to 23; imitation creamery 23 1-2 to 24 1-2.

Cheese—Steady; State, full cream, new fancy white 13 1-2; state full cream, new specials 14 to 14 1-2; fancy colored 13 1-2; prime 13 to 13 1-4; fair to good 12 to 12 3-4; common 10 1-4 to 11; state skims specials 10 1-2 to 11; fine 9 to 9 1-2; fair to good 6 1-2; to 8; commercial 4 1-2 to 5 per cent. state full skims 3 to 3 1-2.

Eggs—Steady; state, Pennsylvania and nearby, heavery, white 23 to 24 1-2; gathered 22 to 24; heavery brown 23 to 23 1-2; gathered brown 22 to 22 1-2; fresh gathered storage packed selections 21 1-2 to 22; regulars packed extra finest 21 to 22; firsts 19 1-2 to 20 1-2.

Potatoes—Weak; Bermuda, new per barrel 3.00 to 4.00; southern 2.00 to 3.75; second crop 75 to $1.00; do old in bulk per 180 pounds 100 to 1.25. Sweet potatoes, Jersey 40 to 90c per basket. Delaware per basket 30 to 60c.

Cabbages—Steady, Virginia per barrel 1.25 to 1.75; South Carolina and Dutch 1.15 to 2.00 per crate; Florida per crate 1.50 to 2.00, red 1.50 to 1.50.

Freights—Quiet; cotton to Liverpool per 100 pounds 20c grain to Liverpool 1.00; grain to London 11d.

Peanuts—Steady; fancy handpicked Virginia 5 1-2 to 5 3-4; Virginia shelled Nos. 1 and 2, 6 3-4 to 7.

The cotton seed oil market was moderately active and steadier, closing at 2 points decline to 4 points advance on very small offerings and on the firmness of lard. Total sales for the day were 12,400 barrels. July 8.57 to 86; September 86 to 88; October 7.39 to 40; September 6.87. Prime crude nominal. Prime summer yellow 8.88 to 8.95; prime winter yellow 8.26 to 8.45; prime white 8.00 to 8.45.

THE GRAIN MARKET.

Chicago, May 9.—Wheat speculators were badly fooled today in their guesses regarding the Government crop report. The crowd in general expected a more bullish percentage as to the condition of the growing grain and had underestimated the loss in acreage. Attention was confidently centered on the condition figures as 82.1 which were a radical surprise. It was supposed that the April condition 88.8 would be lowered, not raised. A break of two cents from the top price of the September option ensued but the close was steady at a net loss of 1 5-8. May suffered only 1-8. Corn finished 1-8c up to 1-2c down. Oats closed 3-8c to 1-2c lower and Provisions 2 1-2 to 5 cents, to 30 higher.

REPORT ON WHEAT AND RYE.

Washington, May 9.—The average condition of Winter wheat on May 1, according to the crop reporting board of the Department of Agriculture was 82.1 compared with 80.8 on April 1, 83.5 on May 1, 1909, and 86.7 the average for the past ten years on May 1.

The average condition of rye was 91.3, compared with 93.3 on April 1, 88.1 on May 1, 1909 and 89.4, the average for the past ten years on May 1.

The area of Winter wheat to be harvested was about 29,044,000 acres or 714,000 acres (2.5 per cent.) more than the area harvested in 1909 and 4,439,000 acres (13.3 per cent.) less than the area sown last Fall (31,034,000 acres.) The average condition of meadow lands on May 1 was 89.8, compared with a ten year average of 89.5 per cent., and of pastures 89.3 compared with a ten year average of 87.6 per cent. Of spring plowing 80.3 per cent. was completed May 1, compared with a ten year average of 66 per cent.; and 65 per cent. of Spring planting was completed, compared with 51.9 per cent. last year, and 54.7 per cent. in 1908.

Details for Winter wheat States follow:

States.	P. C. abandoned.	Acres remaining to be harvested.	Condition May 1 1910.	10-year average.
Virginia	2.8	785,000	92	90
W. Virginia	3.5	404,000	90	86
Kentucky	6.5	731,000	83	88
Tennessee	6.5	887,000	83	88
Georgia	5.8	263,000	83	89
Alabama	8.0	123,000	80	90
Mississippi	5.0	2,000	87	86

Arkansas	90	88
Texas	86	75
Oklahoma	97	96

CHICAGO CASH GRAIN MARKET.

Chicago, May 9—Wheat No. 2 red 1.16 1-2 to 1.18 1-4; No. 3 red 1.42 to 1.46; No. 2 hard 1.16 to 1.18; No. 3 hard 1.10 to 1.16; No. 3 spring 1.10 to 1.16.

Corn—No. 2, 61 1-2 to 62 1-2; No. 2 white 63 to 67; No. 2 yellow 62 1-2 to 64; No. 3, 61 to 62; No. 3 white 65 to 66; No. 3 yellow 62 1-2; No. 4, 58 1-2 to 59 1-2; No. 4 white 60 to 64; No. 4 yellow 59 to 60 1-2.

Oats—No. 2, 41 1-2 to 42; No. 2 white 45; No. 3, 41 1-2 to 44; No. 4, 40 to 42; standard 41 to 45.

THE STOCK MARKET.

New York, May 9.—The stock market went through many variations of speculative temper today and showed a feeling of hesitation in the retention of any of its moods, until the firmness of the final advance.

Business in London had only got well under way before the opening hour, giving to the demonstration the feeling of confidence there in the ability to resist effect through the King of England's death.

The calmness of the London financial markets was due partly also, to the opinion formed over the Sunday interval that something like a truce would be adopted in the bitter political contest being waged over constitutional questions affecting the British government.

Very large importance was attached to the government report on the May first condition of the wheat crop as a factor shaping opinions. Quick changes followed the actual publication of the mixed effort of the unexpected improvement in condition of winter wheat during May and unexpectedly heavy decrease in acreage from winter killing. Great importance was attached to the April improvement in condition reported. The propitious planing conditions for spring wheat also, as well as the opportunity for replanting of abandoned winter wheat acreage and subsequent improvement of the crop before harvest inclined to favorable speculative view of the outlook.

Great Britain's foreign trade return for April shows an increase over last year of $10,000,000 in value of American cotton imports which coupled with the reported decrease in April imports at New York, indicates an adjustment of conditions in the international exchanges. Bonds were irregular. Total sales, par value, were $2,001,000.

United States bonds were unchanged on call. Total sales of stock today ——.

THE FINANCIAL MARKET.

New York, May 9.—Money on call steady 3 3-4 to 4 per cent., ruling rate 3 3-4, closing bid 3 3-4, offered at 4. Time loans 4, sixty and ninety days 4 to 4 1-2, six months 4 1-4 to 4 1-2. Prime mercantile paper 4 3-4 to 5 1-4 per cent. Sterling exchange easy with actual business in bankers bills at 4.8385 to 4.8410 for sixty day bills and at 4.8685 for demand and at 4.83 1-4 to 4.83 3-4. Bar silver 52 5-8. Mexican dollars 44.

INDUSTRIAL TRAINING.

Its Relation to General System of Education in Country.

New York, May 7.—The National Society for the Promotion of Industrial Education is today submitting to the President a report on the "Relation of Industrial Training to the General System of Education in the United States." The report takes the need for more industrial life as a self-evident and long acknowledged fact, and lays particular stress upon the need for a comprehensive and thoroughgoing statistical investigation with reference to the following points: (1) The needs of the different States and localities for skilled persons in the trades; (2) the character of the curricula and the service of existing industrial and apprentice schools in the United States; (3) the relation of existing industrial schools to the general educational system of their State and of their region; (4) the lessons to be learned from industrial schools in foreign countries. The report recommends that the above investigation be entrusted to the United States Department of Education and that the financial support necessary be furnished by Congress.

WANT A HEALTH DEPARTMENT

Action of National Association on Tuberculosis—Resolutions.

Washington, May 2.— Resolutions favoring the establishing of a public health department, similar to the present government departments; opposing the action of the Oklahoma State board of medical examiners, excluding from practice in that State all physicians who have suffered at any time from tuberculosis, and also the Nebraskans who have suffered at any time from tubercular patients to take the serum course of treatment, were adopted at tonight's session of the National Association for the Study and Prevention of Tuberculosis, which today began a two day's session in this city.

In reading store ads most people are looking for definite information about some particular article—hence merchants should quote prices always.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

COL. WADDELL FOR RECORDER

At a meeting of citizens tonight it was decided to urge the name of Col. A. M. Waddell for Recorder of New Hanover County. This action was taken without Col. Waddell's knowledge or consent and we urge him for this position because we think he is the high type of man who should be called to this duty without seeking it, and we urge all citizens to support him.

MANY CITIZENS.

ap 7 tf

FOR RECORDER.

To The Democratic Voters of New Hanover County:

I hereby announce myself as a Candidate for Renomination to the Office of Recorder, subject to the will of the people as expressed in the Democratic Primaries May 18th.

JOHN J. FURLONG.

ap 28 18t

TO DEMOCRATIC VOTERS OF NEW HANOVER.

Thanking you for generous support in the past, I announce myself a candidate for the Legislature, subject to the Democratic primary.

ap 19 tf. BROOKE G. EMPIE.

FOR REGISTER OF DEEDS.

Subject to the will of the people as expressed in the Democratic Primary to be held in New Hanover county, I hereby announce myself a candidate for the office of Register of Deeds.

ap 21 tf. HENRY HORNE.

TO THE VOTERS OF NEW HANOVER CO

I take this method of thanking you for your kind support in the past, and at the same time say to you that I am again a candidate for the office of County Treasurer subject to the Democratic Primary, called to be held on the 18th day of May. If I am nominated and elected I shall do in the future, as I have done in the past, serve you faithfully.

Very Respectfully,
H. McL. GREEN.

ap 10 to ma 18

FOR REGISTER OF DEEDS.

To the Democratic Voters of New Hanover County: I again present myself for the nomination of Register of Deeds, subject to your will to be expressed at the polls at the Primary election May 18th, 1910. I deeply and warmly appreciate your past support.

Respectfully,
JOHN HAAR.

ap 10 tf

TO THE DEMOCRATIC VOTERS.

Without the solicitation of friends, or ny other person or persons, but simply of my own volition, I hereby announce myself a candidate for the legislature, from New Hanover County, subject to the action of the Democratic primary to be held the 18th day of May 1910.

JOSEPH W. LITTLE.

ap 10 to ma 18.

FOR CLERK OF SUPERIOR COURT.

To the Democratic Voters of New Hanover County:

With grateful acknowledgments of your generous support in the past, I announce myself a candidate for the office of Clerk of the Superior Court, subject to the Primary, May 18th, 1910.

p 12 to ma 18. JOHN. D. TAYLOR.

FOR SHERIFF.

I hereby respectfully announce myself as candidate for the nomination of Sheriff, subject to the will of the Democratic voters to be expressed at the Primary May 18th, 1910, and I also wish to thank the Democrats of this county for their support of me and confidence in my administration in past years.

Respectfully,
ap 12 to ma 18. S. P. COWAN.

FOR THE LEGISLATURE.

I hereby announce myself a candidate for the House of Representatives, from New Hanover county, subject to the will of the Democratic party, to be expressed at the primary.

WOODUS KELLUM.

mar 23-tf.

FOR CONSTABLE.

Subject to the will of the people to be expressed in the Democratic primary to be held May 18th, I hereby announce myself a candidate for renomination to the office of constable of Wilmington township and will thank my friends for their continued support.

ma 6 1w W. B. SAVAGE.

HOW TO CURE RHEUMATISM.

It Is an Internal Disease and Requires an Internal Remedy.

The cause of rheumatism and kindred diseases is an excess of uric acid in the blood. To cure this terrible disease this acid must be expelled and the system so regulated that no more acid will be formed in excessive quantities. Rheumatism is an internal disease and requires an internal remedy. Rubbing with oils and liniments will not cure, affords only temporary relief at best, and allows the malady to get a firmer hold on you. Liniments may ease the pain, but they will no more cure rheumatism than paint will change the fibre of rotten wood.

Science has at last discovered a perfect and complete cure, which is called "Rheumacide." Tested in hundreds of cases, it has effected the most marvelous cures; we believe it will cure you. Rheumacide "gets at the joints from the inside," sweeps the poisons out of the system, tones up the system, regulates the liver and kidneys and makes you feel well all over. Rheumacide "strikes the root of the disease and removes its cause." This splendid remedy is sold by druggists and dealers generally at 50c and $1 a bottle. In Tablet form at 25c and 50c a package. Get a bottle today. Booklet free if you write to Bobbitt Chemical Co. Baltimore, Md.

For Sale by R. R. Bellamy.

TAFT'S SPECIAL MESSAGE.

Considers Investigation of Sugar Frauds to be Inexpedient.

Washington, May 9.—President Taft sent a special message to the House of Representatives today to tell why he considers a Congressional investigation of the sugar frauds in the customs service inexpedient.

It is because "a Congressional investigation at this time would embarrass the executive department in the continuance and completion of the investigation of the appraisers and other officers of the customs service."

The President's reply was to a resolution passed in the House on April 14th, calling upon him to state his reasons for not wishing a Congressional investigation, as he had intimated in his message at the opening of the session.

In making his answer the President did not lose an opportunity to tell the House when a Congressional investigation was necessary. He says in part:

"The report of the Secretary of the Treasury and the Attorney General show beyond question the utmost vigor and effectiveness in the investigation and prosecution up to this time and the achieving of exceptional results in the recovery of moneys of which the government had been defrauded, the indictment of participants in the frauds and in the reformation of the customs service with a view to the prevention of such frauds in the future."

With this message the President sent a joint report to the Secretary of the Treasurer and the Attorney General, showing the investigation up to date. The danger of granting immunity to any offenders through a Congressional investigation, the President pointed out, is still very grave. He referred to the case of Heike, Secretary of the American Sugar Refining Company, who was summoned before the grand jury investigating the sugar company's alleged connection with a combination violating the Sherman anti-trust act and pleaded immunity. While the Supreme Court refused to pass on the question, claiming it did not properly come before it, the President indicates that the point is left to be raised in the event of a conviction of Heike.

If Congress were to investigate the weighers and appraisers' offices, it would have to go about getting just such expert evidence as is now being gathered, the President said, which will be sent to Congress as soon as the present investigation is at an end.

JOKERS COME TO GRIEF.

People of Panama Were Terror-Stricken Over Earthquake Report.

Panama, May 9.—As the result of an ill conceived joke there was little sleep in Panama last night. Another result was the imprisonment of the jokers today.

The public has been made nervous by reports of the earthquake devastations in the adjoining republic of Costa Rica and when word was passed along last evening that seismologists had predicted that Panama would be shaken by an earthquake during the night and the city of Colon disappear beneath a tidal wave, panic prevailed. The alarm spread from this city to Ancon and Colon. Many persons fled into the country and those who stayed in the towns camped in the streets and parks. Many spent the hours in prayer.

The firemen and police remained at their posts ready for any emergency.

When morning broke with no harm having been done then the people realized they had been hoaxed and the police got after the jokers. The latter were locked up.

THE DAY IN CONGRESS.

Railroad Bill in Senate—May Inquire Into Use of Franks.

Washington, May 9.—Previous to adjournment at 3 o'clock on account of the death of King Edward the Senate today devoted two hours to the consideration of the railroad bill. Senator Overman, of North Carolina, spoke in favor of the long and short haul clause of the bill, while Senator Piles, of Washington, opposed that provision of the measure.

Earlier in the day Senator Stone, of Missouri, introduced a resolution asking the Committee on Postoffices and Postroads to make inquiry into the propriety of the use of franks in circulating a pamphlet in support of the Payne-Aldrich tariff law. The resolution was referred to the Postoffice Committee under a promise of a speedy report, there being some indication that the inquiry might take on a broader scope and that the misuse of the franking privilege generally might be entered upon.

In the House legislation relating to the District of Columbia occupied the entire session.

TAFT SAYS BILL IS STILL INTACT

(Continued From Page One.)

are all alike—the money we make seems to come easy and go easy.

"You are different from lawyers and politicians in that out of the generosity of your hearts you take care of those who have played their parts in your profession and have reached the time when they are dependent of others. It was no meaningless phrase when I said that owe much to your profession. There is nothing I know of in a nerve straining life that equals the relaxation of a good play, well mounted and well played and you put all human nature under obligation by holding up the mirror to nature."

William H. Crane, the dean of American actors, had previously presented the President with a gold medal struck in his honor, and in acknowledging it the President said in closing: "I did not deserve this, and I feel overcome by your generosity. But I sincerely hope that the fact you can give to one visitor such a mark of appreciation as this, indicates that you have a whole lot behind for other weak, old men. Good bye."

The President was referring to the fact that the money raised for the actor's fund by its fairs is spent in support of sick and superannuated actors.

The speeches over, President Taft made a tour of the booths and looked in one the stage and society circus, stopping frequently to shake hands with actors and actresses. To Miss Grace Keating, a blind stenographer, he dictated the following message which she took down on her machine:

"To the New York Association for the Blind:

"I have a great deal of interest in furnishing to the blind the means of enjoying life and forgetting the deprivations which are their's."

VICTORY FOR HEINZE.

Two of Three Indictments Against Him Dismissed.

Washington, May 9.—F. Augustus Heinze, former president of the Mercantile National Bank, who is on trial charged with misappropriation of the bank's funds and over certification of the checks of Otto Heinze and his brother's firm, scored again today when two of the three indictments were dismissed and withdrawn, respectively. Judge Hough dismissed one on motion by the defense while the other in which only one count remained was nolle prossed at the request of District Attorney Wise. Both were returned in 1910.

This leaves only one indictment pending which was returned in 1908. It contains thirty counts, fifteen of which allege misappropriation of $500,000. The other fifteen charge over certification. Each count referring to separate checks that went to make up a $500,000 loan to the Heinze firm The prosecution rested its case this afternoon and the defense will begin presenting evidence in the 126 indictments in the case tomorrow.

TO REVIVE COMMISSION.

Pinchot Enthusiastic Over Roosevelt's Former Plans.

Atlanta, Ga., May 9.—Roosevelt's "Country Life Commission" is to be revived. Charles S. Barrett, president of the National Farmers' Union, and a member of the commission said tonight he was in receipt of a letter from Gifford Pinchot, former government forester, dated Dublin, Ireland, making this announcement.

"Mr. Pinchot in his letter relates that his trip through Europe has served to make him more enthusiastic over reform in country life," said Mr. Barrett. "The revival of the commission means that the work will be taken up where abandoned during Mr. Roosevelt's last year as President and that a body of the best brains in America will shortly be concentrated upon the solution of the rural problem."

OUT OF DEATH TOMB.

All Bodies Except Six Recovered in Alabama.

Birmingham, Ala., May 6.—With the announcement today that all of the bodies except six had been taken from the Palos mine, the work was turned over to local rescuers, who will probably have several days of excavating before the others are brought up. Seventy four bodies have been recovered, but the others are so covered with rocks and debris that the excavation will be carried on with difficulty. Portions of the mine are being put into condition for resumption of work.

Particular attention will be paid from this time on to the relief of the distressed widows and children.

THREATS OF LYNCHING.

Negro Murderers of Farmer at Maplesville, Ala.

Maplesville, Ala., May 9.—Threats of lynching were made openly on the streets this afternoon following the arrest of Wylie Young and Alice Sheppard, negroes, charged with the murder of Cleveland Holdrich, a prominent young white man, whose body was found on the railroad tracks near here Sunday. Holdrich's blood stained clothes and a knife with blood on it were found in the negroe's house today.

Three other negroes have been arrested and feeling tonight runs high.

SUIT AGAINST VANDERBILT.

Summons in the Action Served on Him at Biltmore Yesterday.

Asheville, N. C., May 9.—Geo. W. Vanderbilt on his return today to his estate at Biltmore from a trip abroad, was served with a summons in a suit, of some months standing against the Biltmore estate brought by C. A. Schenck against Mr. Vanderbilt and his manager, C. D. Beadle. Mr. Vanderbilt accepted service.

Mrs. Vanderbilt will, it is said, arrive later in the season.

Washington, May 9.—Among nominations sent to the Senate by the President today for postmasters were: Louis L. Whitestone, Culpepper, Va.; Harrison A. Darnell, Buckhannon, W. Va.; L. Clinton Wagner, Statesville, N. C., and Albert E. Lembert, New Windsor, Md.

DEAD IN RUINS CARTAGO

A Thousand Bodies Have Been Recovered—Relief Measures.

San Jose, Costa Rica, May 9.—More than 1,000 dead have been taken the ruins of Cartago. No one is allowed within the precincts of the devastated city except the Red Cross workers and gangs of soldiers and volunteers employed in clearing away the debris removing the bodies and dynamiting the dangerous buildings.

Most of the survivors of the earthquake are now at San Jose. Medicines and food supplies from the American warships are being rushed from Port Limon, but the condition of those who still remain around the city is such that extraordinary measures must be taken to provide assistance and shelter for them.

Even in San Jose the residents are for the most part living in tents and wooden structur , fearing to occupy their homes, as the earth tremors still continue.

No living person has been taken from the ruins in the last two days and although a thousand dead have been removed it is known that there are still many beneath the broken walls and timbers.

Owing to the general feeling of panic the various organizations engaged in the work of relief, find it difficult to reach all. Many of the survivors are still hungry and helpless.

The village of Cot is reported totally destroyed, and the village of Entre Bios partially destroyed. Mexico has contributed a large sum of money to aid the victims and contributions are coming in from other sources.

Washington, May 9.—The American Red Cross has received from the City of New Orleans $1,005 as its contribution the fund of the relief of the earthquake sufferers at Cartag. The State Department has received word from their representative of the United Fruit Company at Boston stating that the company has contributed $25,000 for the same purpose.

In response to a request to Mr. Monroe, the United States charge at San Jose, for information as to whether the government of Costa Rica was in need of outside assistance in caring for the earthquake sufferers the State Department has received a telegram to the effect that the people are in very great distress in consequence of the earthquake, but that the government feels some hesitation in asking aid from other nations. This is assumed to mean that the government will accept contributions gladly.

TEDDY CAUSES SENSATION.

Censured Ex-Premier Gunnar for Using Name in Politics.

Christiania, May 9.—Mr. Roosevelt's visit here has been followed by an incident which is making a sensation in Norway. Mr. Roosevelt has severely censured ex-Premier Gunnar Knudsen, who is now vice president of the Parliament, for using his name and quoting him as a partisan in Norwegian politics.

The ex-Premier has been making a campaign and his introduced a bill in Parliament for the conservation of the natural resources, chiefly the water power and the opposition party has been fighting this scheme as an infringement on personal rights. At the recent gala dinner at the castle, Mr. Knudson had a conversation with Mr. Roosevelt on the subject. The latter in the belief that he was speaking on general principles, expressed warm sympathy in the work. Mr. Knudsen asked permission to make the former President's remarks public.

"Tell it to anyone you like", Mr. Roosevelt replied enthusiastically.

There was a considerable stir when the newspapers appeared quoting Mr. Roosevelt as a warm supporter of Knudson's policy. Mr. Roosevelt summoned Knudson and insister emphatisally that he issue a denial, and he himself wrote a letter to the same effect. The opposition papers are now attacking the premier.

TO DESIGNATE ROOSEVELT.

As Special Ambassador to Attend Funeral of King Edward.

Passaic, N. J., May 9.—President Taft in all probability will designate Theodore Roosevelt as a special ambassador to represent the United States government at the funeral of King Edward. He said tonight that he would take the matter up with Secretary Knox soon after he returns to Washington.

Presiednt Taft, who attended the annual banquet of the Passaic Board of Trade tonight in this city, will be in Washington again tomorrow morning. He said he was anxious to appoint Col. Roosevelt to represent this government. As yet, he has taken no step in that direction, however, as up to the time he left Washington this morning no official notification had been received by the Washington government as to the date of the funeral.

President Taft is not conversant with the precedents as to such occasions, but if a special representative is called for by the proprieties and Mr. Roosevelt will accept the designation, he will be named by the President. Secretary Knox will be consulted in the matter.

PANAMA LIBEL AGAIN

Suit Against New York World Docketed in Supreme Court.

Washington, May 9.—The famous libel suit by the United States against the Press Publishing Company, proprietor of the New York World was docketed today in the Supreme Court of the United States. The case come to this court on a writ of error from the Circuit Court of the United States for the southern district of New York, where the indictment by a Federal grand jury was quashed by Judge Hough.

The case grew out of an alleged libelous publication in regard to the purchase of the Panama canal zone. It was alleged that Theodore Roosevelt, William H. Taft, Douglas Robinson, Charles P. Taft and William Nelson Cromwell had been libelled.

The writ of error alleges that the circuit court could erred in quashing the indictment because of lack of jurisdiction.

Birmingham, Ala., May 9.—More than $15,000 was raised today for the relief of the widows and orphans left destitute by the recent disasters at the Mulga and Palos mines, respectively. Over $8,000 was raised at a conference of the Chamber of Commerce this morning and other subscriptions have been pouring in to the Red Cross all day.

STAR BUSINESS LOCALS

FOR STATE SENATOR.

Believing it to be a laudable ambition for a young man to aspire to represent the Democracy of the Cape Fear District, I hereby announce myself a candidate for the nomination for State Senator for the Counties of New Hanover and Brunswick in the primary to be held May 18th, 1910.

Appreciating the support of all Democratic voters I am,

Respectfully,

ma 10 8t FRED W. BONITZ.

ST. JOHN'S LODGE, NO. 1, A. F. & A. M.

STATE OF NORTH CAROLINA, NEW HANOVER COUNTY, Superior Court.

Hattie M. Mahn and Flora M. Kendall, vs. H. M. Bowden.

Publication of Summons and Attachment.

This is an action brought by the plaintiffs against the defendant for the recovery of Fifteen hundred and Thirty Seven Dollars and Thirty Cents ($1537.30) with interest from the 15th of September, 1904, being balance due on the note made by the defendant to M. M. Mahn, guardian of the plaintiffs, for the sum of $1,300.00 for borrowed money dated July 1st, 1891; that an attachment has been issued returnable July 25th 1910 against the defendant and levied upon a one half undivided interest of the defendant in and to a certain tract of land situate on Point Peter, in the County of New Hanover, and being the same tract conveyed by W. F. Potter and wife of J. O. Bowden by deed duly registered in Book K. K. K. page 520, et seq. of the records of New Hanover County and it appearing to the Court that the defendant is a non resident of this State and has property in this State, and cannot after due diligence be found in the State, and that a cause of action exists in plaintiffs' favor against the defendant for the recovery of the said sum of $1,537.30, with interest from the 15th of September, 1904, being the balance due on the said note of $1,300.00.

NOW, notice is hereby given, that the defendant be and appear before the Superior Court of this County to be held on the 25th day of July, 1910, and answer or demur to the complaint this day filed or judgment will be granted according to the prayer thereof.

This 9th day of May, 1910.

JOHN D. TAYLOR, Clerk Superior Court of New Hanover County.

One Price Clothiers and Furnishers.

The A. to Z.

of the whole clothes problem is style. Clothes without style cover the body, to be sure, but so would a barrel. To make Strouse & Bros. and B. Kuppenheimer & Co. clothes premier in style is the be-all and end-all of the maker's striving. Judge us by our Strouse & Bros. and B. Kuppenheimer & Co. Suits for Spring. They're as distinguished looking as a West Pointer on parade.

Our clothes lend the poise correct and the air aristocratic. They are cut with flowering grace far removed from angular fashion plates.

Remember, we carry the largest line of Summer underwear in the city, including the celebrated Dr. Deimel's linen mesh underwear in Summer weight.

See our line of Men's Straw and Panama Hats in every dimension.

Children's Suits in worsteds and a great line of wash suits.
